The six-volume book series, each 800 pages in length, titled “*A Greater Reality: The New Paradigm of Nonlocal Consciousness, the Paranormal & the Contact Modalities*”, edited by my friend, Reinerio (Rey) Hernandez and his distinguished co-authors, is a groundbreaking work that reshapes our understanding of consciousness and the nature of reality. These books are establishing a new paradigm of viewing the nature of our reality. The first two volumes are theoretical volumes that delve deeply into the theoretical underpinnings of consciousness as the fundamental source of existence, expertly connecting it to various paranormal “**Contact Modalities**”, a term that Rey has coined.

By demonstrating that these seemingly separate phenomena-- like Near Death Experiences, UFO encounters, Out of Body Experiences, seeing and communicating with the deceased, Remote Viewing, various PSI phenomena, Hallucinogenic Journeys, etc., are actually interconnected facets of one consciousness-based reality, these volumes challenge conventional materialist views and introduce a cohesive, consciousness-centered model of the universe. The third, fourth, fifth and sixth volumes are a captivating collection of firsthand accounts from major experiencers of these Contact Modalities, giving readers an intimate and transformative look into encounters with Non-Human Intelligence across multiple dimensions.

Finally, Rey’s book discussing his personal experiences, “*A Greater Reality: One Man's Journey of Discovery*”, offers an illuminating, profound journey that is essential reading for anyone interested in the deeper mysteries of consciousness and our place in the cosmos. His journey and transformation are similar to the

NDE journey and spiritual transformation that I have encountered in my 30 plus years of NDE research. All of Rey's books in the *A Greater Reality* book series are scholarly, yet a joy to read. They are all essential reading and highly recommended.

Rey Hernandez is a man on a quest and on a mission. By the grace of the absolute, his life has been transformed in miraculous and synchronistic ways. He has been shown, via a wide variety of experiences, that the wide variety of paranormal experiences (what Rey has coined "**The Contact Modalities**"), reported by thousands, if not millions, of people around the world, have a single source. That source is pure consciousness itself, mind-at-large (as some would put it), or in Rey's own language, the "*Mind of God*". Of course, such experiences and visions are not uncommon. But what is truly rare, is Rey's determination to collect data and reports from thousands of experiencers and dozens of academic researchers investigating their claims. This he has achieved with ceaseless energy. This collection of books under the "*A Greater Reality*" book series is a gift from the realm of spirit to the entire world and help to establish a "new paradigm" connecting consciousness to the paranormal Contact Modalities. These books are truly historic and an invaluable resource by arguing that all of the paranormal phenomena are actually one integrated phenomenon under consciousness.

Volumes 1 and 2 are academic books, with chapters written by many PhD academics and MDs, many who are my personal friends, is a valuable resource for academic research on the topic of the paranormal Contact Modalities. Volumes 3-6 are a collection of articles written by major Experiencers of the Contact Modalities. These experiencer written chapters demonstrate the interconnectedness between

the paranormal Contact Modalities and consciousness. Most of these individuals have had experiences with 3 or more different Contact Modalities, once again demonstrating these all of the paranormal are not separate and distinct from each other but instead are ONE interrelated phenomenon under consciousness.

Finally, Rey's book detailing his personal experiences, "*A Greater Reality: One Man's Journey of Discovery*", provides additional supporting documentation that the "paranormal" involves a multidimensional consciousness-based phenomenon. These collections of books are one of the most important resources that detail the relationship between consciousness and the paranormal. They are an invaluable resource for any consciousness scholar and a must read!

The six-volume book series, "*A Greater Reality: The New Paradigm of Nonlocal Consciousness, the Paranormal & the Contact Modalities*", edited by Reinerio (Rey) Hernandez and his distinguished team of co-authors, represents a groundbreaking body of work that fundamentally challenges and reshapes our understanding of consciousness and the nature of reality itself. In the first two volumes, the authors dive deeply into the theoretical foundations of consciousness as the primary, underlying source of all existence. They skillfully explore its connections to various phenomena traditionally classified as "paranormal", what Rey has coined "**The Contact Modalities**". These include Near-Death Experiences, UFO encounters, Out of Body Experiences, communication with the deceased, Remote Viewing, various PSI phenomena, and Hallucinogenic Journeys, among others. Rey and the other authors propose that these seemingly disparate experiences are not isolated or mysterious events, but rather interconnected aspects of one universal, consciousness-based reality. In doing so, they challenge entrenched materialist perspectives and offer a cohesive, consciousness-centered model of the universe that transcends conventional scientific paradigms.

The series' third, fourth, fifth, and sixth volumes take a dramatic turn, presenting a rich collection of first-hand accounts from individuals who have had direct encounters with Non-Human Intelligence across multiple dimensions. These personal stories, drawn from major experiencers of these Contact Modalities, offer readers a profoundly transformative window into the nature of these otherworldly interactions, deepening our understanding of how consciousness operates beyond the physical world. Together, these volumes offer not only a scholarly investigation of these extraordinary phenomena but also a deeply personal and thought-provoking exploration of human consciousness in its most expansive form.

Rey has also completed a book about his personal experiences via the Contact Modalities titled "*A Greater Reality: One Man's Journey of Discovery*". This book presents Rey's personal "paranormal" experiences in a scholarly manner. He dissects the details of each of his paranormal experiences and provides an academic, yet easily understood hypothesis to explain his many experiences that is both innovative and pedagogical.

In summary, the *A Greater Reality* book series is a must-read for anyone seeking a more profound understanding of the mysteries of consciousness, our place in the cosmos, and the nature of reality itself. Both intellectually stimulating and deeply engaging, these books are highly recommended for anyone eager to explore the deeper dimensions of human experience.

John B. Alexander, Ph.D.

Former U.S. Army colonel, Los Alamos National Laboratory (retired)

Author of "*Reality Denied: Firsthand Experiences with Things that Can't Happen - But Did*" and "*UFOs: Myths, Conspiracies, and Realities*"

A Greater Reality: The New Paradigm of Nonlocal Consciousness and the Paranormal Contact Modalities, edited by Reinerio (Rey) Hernandez and a team of distinguished academic professors, is an extraordinary compilation of materials that span the breadth of anomalous phenomena. Rey was the first researcher to name this cross correlation of paranormal experiences as the "*Contact Modalities*" -- as one integrated phenomenon under consciousness where consciousness is

fundamental and not our perceived physical reality. All of the editors and academics associated with this book series also argue that all of the Contact Modalities should be viewed as one integrated phenomenon under consciousness.

Rey was the first academic researcher to actually collect data demonstrating the cross correlations between what were commonly believed to be unique fields of inquiry. While the concept of the Contact Modalities as one integrated phenomenon under consciousness had been postulated by some of us, Rey was the first to engage thousands of people to evaluate their personal experiences and compare them with those with similar experiences via the Contact Modalities. A massive undertaking, the results were published in Rey's first pioneering academic book titled *Beyond UFOs: The Science of Consciousness and Contact with Non-Human Intelligence*.

Moving beyond his personal research, Rey was instrumental and successful in bringing together a who's who of the serious scientific Ph.D. academic and MD researchers in the fields of anomalous phenomena and consciousness studies and formed the **CCRI, or Consciousness and Contact Research Institute**. The result was a six volume book series, each over 800 pages in length, titled "*A Greater Reality: The Science of Non-local Consciousness and Contact with Non-Human Intelligence*."

The introductory book to this six-volume book series is titled *The Mind of GOD: A Virtual-Spiritual Reality Model of Consciousness and the Contact Modalities*. There is no better place for anyone interested in these topics to survey the topics and be pointed to areas for further exploration and study. While consciousness is considered a quintessential "*Hard Problem*," and quantum physics a keystone to our understanding of the nature of the universe, these volumes provide a substantial foundation to the explorer at any stage of development. All is interconnected, and consider that if you are thinking globally, you are thinking too small.

A Greater Reality: One Man’s Journey of Discovery, is a rich exploration of the truly extraordinary life of one of the legendary figures in UFOlogy, Reinerio (Rey) Hernandez. It takes the reader on a riveting journey down some pathways that even very few close encounter witnesses have ever dared to tread. Mind-opening and fascinating reading!

A Greater Reality: The New Paradigm of Nonlocal Consciousness, the Paranormal & the Contact Modalities, edited by Reinerio (Rey) Hernandez and other distinguished academics, is a six-volume book series that is required reading for anyone researching the relationship between UFOs, consciousness and the other paranormal “**Contact Modalities**”, a term that Rey coined in 2013. This book series centers on “consciousness”, what is the nature of our reality, and its relationship with the paranormal Contact Modalities. Rey and the other academics featured in this book series argue that UFOs need to be studied as a paranormal related phenomenon. In addition, this book series argues that not only UFOs, but all of the other paranormal “Contact Modalities” are not separate and distinct from one another but in fact need to be researched as ONE integrate phenomenon under consciousness.

I firmly believe that understanding the paranormal lies in understanding what is consciousness. I have written 22 books on UFOs and the paranormal, and have quoted Rey’s research more than any other author. We either go down the road that Rey is on, or we will spend 80 more years chasing lights in the sky and paranormal stories and get no farther than we did in the first 80 years. These six volumes are a

prolific academic collection of the data that has been collected, data that has been sadly ignored by the field of materialist Ufology and academia in general.

This 6-volume magnum opus, should be read in corollary with Rey's personal book, "*A Greater Reality: One Man's Journey of Discovery*". This book contains many of Rey's personal paranormal experiences, detailing his personal contact with large and up-close UFOs, which Rey calls "**CAPs**", or **Consciousness Aerial Phenomenon**. It is a wonderful read of stories I have heard Rey tell over the years since I have known him. The book, with all the synchronicities and paranormal events he experienced, illustrates that Rey is truly on a mission to bring the truth about the nature of reality, what is consciousness, to the world, as directed by a greater intelligence, an intelligence that Rey has termed "**The Mind of GOD**". Rey relates his experiences in a no BS "tell it like it was" manner.

I consider Rey's work with experiencers and scientists to be some of the most important research ever done in any field. Rey was the first author to publish the direct connection between the paranormal Contact Modalities and Consciousness by arguing that what we initially viewed as separate phenomena, are instead one interrelated phenomenon under consciousness-- all the paranormal, including UFOs, need to be viewed as ONE phenomenon under consciousness.

"*A Greater Reality: One Man's Journey of Discovery*" tells Rey's personal story of the drive and dedication of the man behind that research. It discusses his personal experiences via the Contact Modalities and should be read as a continuation of his 6-volume book series, "*A Greater Reality: The New Paradigm of Nonlocal Consciousness, the Paranormal & the Contact Modalities*". All of Rey's books are required reading for anyone interested in researching the relationship between consciousness and the paranormal Contact Modalities. These are the most important books written detailing this relationship. They are required reading for anyone interested in not only the UFO field but also the fields of paranormal research and consciousness studies.

Alan Steinfeld

Author of “*Making Contact: Preparing for the New Realities of Extraterrestrial Contact*”.

Some people desperately search for a greater reality; some people stumble upon them out of curiosity, while others have a greater reality thrust upon them. This is the case of Reinerio (Rey) Hernández, whose second book, “*The Mind of GOD: A Spiritual Virtual Reality Model of Consciousness and the Contact Modalities*”, serves as an introduction to his Magnus Opus, his 6-Volume book series titled “*A Greater Reality: The Science of Non-local Consciousness, the Paranormal and the Contact Modalities*”.

In the midst of ongoing revelations from the government about the UAP/UFO reality, it is strange times we are living in and this is exactly why this book is most needed at this time. Rey’s writings navigate the unexplored levels of consciousness, which will give us insight into the vaster cosmos of consciousness we are part of.

Like the subjects it covers this is not an ordinary text, it is an attempt on a grand scale to explore a universe filled with wonder, magic, and possibilities yet to be dreamed. This excellent series of books is a greater sampling of this evolutionary moment. It is indeed a welcome treasure and a companion for the ongoing revelation of who and what the human being really is. Thank you, Rey.

George Knapp

Chief Investigative Reporter for KLAS TV 8newsnow I-Team, weekend host Coast to Coast AM radio. Co-Author of “*Hunt for the Skinwalker: Science Confronts the Unexplained at a Remote Ranch in Utah*”

Interest in the UFO mystery has spiked in recent years, and most of the attention has focused on government secrets, whistleblowers, crash retrievals, what the Pentagon might know, what kind of classified studies, reports, photos, and videos might be stashed in various stovepipes inside the DOD or intelligence community.

This is the materialist approach to Ufology. But what if the truly important information isn't hidden inside a deep, dark Pentagon cubbyhole, but rather is in plain sight? What if the UFO mystery is much more complicated than this materialist approach?

The story told in the “*A Greater Reality*” book series is compelling, credible, and global in scope. The true significance of human contact with Non-Human Intelligence (NHI) might have nothing to do with the quest for advanced technology and materialist Ufology, but rather, with the nature of our interaction with some other form of intelligence. While Volume 1 and 2 of this book series are academic and theoretical in nature, Volumes 3-6 provide thousands of pages of detailed contact experiences of experiencers of the **Contact Modalities**-- paranormal experiences where these individuals are having contact with NHI via Near Death Experiences, UFO Contact, Out of Body Experiences, Remote Viewing, Hallucinogenic Journeys and other paranormal phenomenon. The collection of these books argue that our true reality might not be a physical but one that is much more complicated.

Secondly, the “*A Greater Reality*” book series argues that all of the Contact Modalities, all of the “paranormal” contact experiences with NHI, including UFO contact experiences, need to be viewed as one interrelated phenomenon. This was the same conclusion reached by NIDS, the National Institute for Discovery Science, in their extensive research of Skinwalker Ranch-- the lesson is that somehow all of these phenomena are related, now it's up to you to figure out how. The overall message as described in the “*A Greater Reality*” book series is positive, almost hopeful. The esteemed writers who contributed to this massive effort make the case that humanity is being transformed, one encounter at a time. And while most of these encounters are terrifying and bewildering at the time, the humans who've had these experiences eventually come to the conclusion that contact with NHI changed their lives for the better. Whoever they are, wherever they are from, they seem to be interested in slowly preparing us for whatever comes next.

BEYOND UFOS: The Science of Consciousness & Contact with Non-Human Intelligence

The historic academic research findings from *Beyond UFOs: The Science of Consciousness and Contact with Non-Human Intelligence* suggests that the physical aspects of the UFO contact experiences are but a small fraction of attributes associated with this complex phenomenon. Indeed, it is the pervasive non-physicality, the parapsychological and other paranormal anomalous aspects, such as OBEs, NDEs, Remote Viewing and ESP, that comprise the majority of FREE's survey responses. We firmly believe that the scientific physics, astrophysics and parapsychology academic community needs to take note and instead of dismissing and shunning the consciousness aspects of the UFO contact phenomena, these academics need to embrace it.

Rudy Schild, Ph.D., FREE Executive Director and Emeritus Research Astronomer, Harvard-Smithsonian Center for Astrophysics

It has been a century since physics pioneers discovered that consciousness affects quantum mechanics. Until recently, the effects of consciousness have been largely overlooked by mainstream science, hoping they can be treated as a perturbation. But in many UFO cases, as well as Out of Body, Near Death and Remote Viewing cases, phenomena occur that are so far beyond conventional physics that at last science will have to address the long-needed unification. It appears there is a very real higher dimensional universe that we are a part of, and these phenomena make it clear whether we are ready to see it or not. *Beyond UFOs* is a pioneer and scholarly research which establishes a new paradigm for the UFO phenomenon.

Claude Swanson, Ph.D. in Physics from Princeton University. FREE Board of Director and Author of *The Synchronized Universe*.

Beyond UFOs is an important book because it reveals that many ordinary people are having extraordinary and sometimes profoundly life-changing experiences. These experiences, which often arrive spontaneously "out of the blue," remind us that today's scientific understanding of reality, and especially the role of consciousness in the physical world, are seriously incomplete. Highly recommended.

Dean Radin, Ph.D. Chief Scientist at the Institute of Noetic Sciences (IONS). FREE Advisor and author of *The Conscious Universe* (1997), *Entangled Minds* (2006), *SUPERNORMAL* (2013), and *Real Magic* (2018).

Congratulations to the Dr. Edgar Mitchell FREE Foundation for putting together this excellent academic research project and book. It is a major achievement and a monumental study. I was delighted that you could use and adapt some of my measuring instruments from my long career as a Near Death Experience academic researcher, and, even more, that you validated many of my own NDE research findings with your very large sample.

Kenneth Ring, Ph.D. Emeritus Professor of Psychology, University of Connecticut and co-founder of the *International Association for Near Death Studies*. Author of *The Omega Project* and *Lessons from the Light*.

Beyond UFO's is a historic academic research study. From FREE's survey responses, as well as from detailed medical case histories of selected contact experiencers that I have personally reviewed, it is clear that reports of medical healings are common among those reporting encounters with non-human intelligences. The high strangeness aspects of the reported healings are clearly a challenge to conventional medical wisdom. Dramatic cures of a wide range of acute and chronic conditions are being reported. If the mechanism of these

seemingly miraculous treatments were understood, it would usher in an exciting new era in medical science.

Joseph Burkes, M.D. Board Certified Internal Medicine Physician

This historic academic publication by the Dr. Edgar Mitchell FREE Foundation explores the role of human conscious, the unconscious, the collective unconscious, and the latent human abilities-- the powers that are our very own that will enable us to better understand our other dimensional visitors...and ourselves. No one has ever undertaken this comprehensive academic research and I highly recommend *Beyond UFOs*.

Brad Steiger. Legendary author of more than 175 books on the “Paranormal” with over 17 million copies in print.

Beyond UFOs is based on an extremely thorough academic research study of thousands of observations that cannot be explained with conventional science. It is a quantum leap in the direction of legitimizing paranormal experiences, such as UAP contact, Near Death Experiences, Out of Body Experiences, ESP, Remote Viewing and even the physical observation of ORBS, which has been the subject of my own research interests. I highly recommend this extraordinary book.

Klaus Heinemann, Ph.D. Former Physics Professor of Research in Materials Science, Stanford University. Author of *Expanding Perception*; co-author, *The Orb Project* and *Orbs, Their Mission and Messages of Hope*.

The FREE Foundation, co-founded by Dr. Edgar Mitchell, is breaking new ground in the academic research and study of the anomalous contact phenomena such as UAP Contact, NDEs, OBEs, ESP, Spirit Communications, Channeling, etc. They are at the forefront of academic research in their methodologies and with respect to their academic research findings. The FREE Foundation’s first book, *Beyond*

UFOs, is a must read for any serious academic researcher involved with this topic. Highly recommended.

Diana Walsh Pasulka, Ph.D. Chair and Professor, The Department of Philosophy and Religion, The University of North Carolina, Wilmington

A theory of everything needs to be able to explain all phenomena, including the reports by people who call themselves "UAP Contactees." *Beyond UFOs* ventures beyond where others have dared, and provides a comprehensive academic research study of this population. It is a seminal work that deserves serious attention by all students and academics of consciousness.

Diane Hennacy Powell, M.D. Author of *The ESP Enigma: A Scientific Case for Psychic Phenomena*

Beyond UFOs is a truly seminal book. It will serve as a standard reference for all those who study the idea of consciousness, UFOs, NDEs, OBEs, Remote Viewing, and human interactions with non-human intelligence. The editors have carefully crafted a volume that is both broad and rigorous in its approach to the subject. It is an audacious academic book unhindered by the blinders of mainstream orthodoxy.

Courtney Brown, Ph.D. Director of The Farsight Institute, Author of *Remote Viewing: The Science and Theory of Nonphysical Perception*

Consciousness is the Rosetta Stone to understanding the UFO mystery. Experiencers are the link to understanding this consciousness connection. The authors of *Beyond UFOs: The Science of Consciousness and Non-Human Intelligence*, are on the leading edge of academic research into the consciousness - experiencer connection. Therefore, this book should be required reading for all researchers in the fields of consciousness, parapsychology, the paranormal, and UFOs.

Grant Cameron. Author of *Managing Magic: The Government's UFO Disclosure Plan*

Beyond UFO's is a ground breaking thoroughly documented academic research study of reported alien life form contact with human beings that indicate that UFOs, Near Death Experiences, Out of Body Experiences and other paranormal contact experiences are all expressions of an overall encompassing meta phenomenon postulated by the Quantum Hologram Theory of Consciousness. A must read for interested layman, academics and researchers alike.

Raymond Fowler. Author of *The Watchers, The Andreasson Affair, The Allagash Abduction*

Beyond UFOs is not only highly important to our understanding of this manifestation but also an absolutely necessary initiative to increase our knowledge about the extremely complex phenomenon of UFO related contact with Non-Human Intelligence. I highly recommend *Beyond UFOs*.
