CCRI HYPOTHESIZES THE FOLLOWING

1) that ***Consciousness (Our Greater Reality) is Fundamental*** and not our perceived physical reality. If you do not understand this concept, read the hundreds of academic books, academic research studies, and YouTube videos discussing the Near-Death Experience Phenomenon (NDEs), Out of Body Experiences (OBEs), Astral Travel Experiences (ATEs), and CCRI’s first book titled ***“Beyond UFOs”***. Let’s focus for now on the NDE Phenomenon. Over 50 Ph.D. academics and professors at several medical schools have researched the NDE Phenomenon. The most famous NDE Experiencer is Dr. Eben Alexander, a Professor of Neurosurgery at the Harvard University School of Medicine. With

NDEs, OBEs, ATEs, and even with UFO-related Contact Experiences, your “Individuated Unit of Consciousness”, your soul or spirit, leaves your body and is brought to a nonphysical plane of reality-- i.e., to another dimension. We argue that this nonphysical plane, or dimension, is our true reality, and not our physical reality in our physical body.

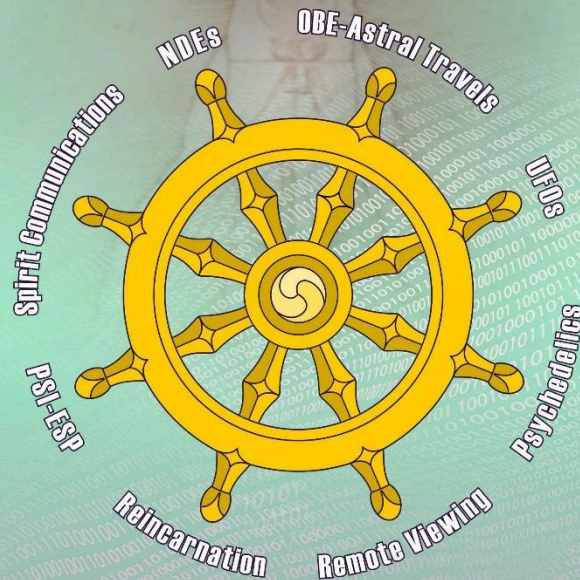

2) that all of the paranormal **CONTACT MODALITIES** (NDEs, OBEs, Ghosts/Spirits, Channeling, Remote Viewing, including UFOs) **need to be researched as ONE interrelated phenomenon under Consciousness**. One major reason for this hypothesis, among many others, is that ALL of the Contact Modalities, including the UFO Phenomenon, involve a manipulation of space-time. A manipulation of space-time, by definition, is a Consciousness-based multidimensional phenomenon.

THE CONTACT MODALITIES

The term “**Contact Modalities**” (a term that I coined in 2013) is defined as “***all of the diverse ways that humans are ‘piercing the veil’ of our physical reality and having perceived contact with consciousness-based Higher Forms of Intelligence***”, also called “***Non-Human Intelligence***”. Examples of the Contact Modalities are as follows: Conscious Aerial Phenomena (CAPs-UFOs, commonly called UFOs or UAPs), Near-Death Experiences (NDEs), Out of Body Experiences (OBEs), Astral Travel Experiences (ATEs, which are very different from OBEs), contact experiences with perceived deceased humans (commonly called Ghosts or Spirits), contact experiences via Hallucinogenic Journeys (via entheogens such as DMT, Psilocybin, LSD, etc.), contact experiences via Remote Viewing or other forms of clairvoyance, contact experiences via Channeling or Mediumship, contact via the many forms of Post Death Communications, contact experiences via Lucid Dreams, contact via perceived Poltergeists experiences or spiritual attachments, and many other types of “paranormal” contact experiences with tens of thousands of diverse forms of Non-Human Intelligence, whether they be perceived as physical or non-physical. CCRI hypothesizes that all of the **Contact Modalities** need to be researched as **ONE INTERRELATED PHENOMENON UNDER CONSCIOUSNESS**-- our greater multidimensional reality.

CCRI's MISSION

1. Explore and compare, the findings of consciousness research with the phenomenology of “paranormal experiences” (including the UFO Phenomena), what CCRI calls “***THE CONTACT MODALITIES.***”

2. Promote the non-materialist, consciousness-based research data on the UFO and “Paranormal” Contact Modalities Phenomenon and the ***UFO EXPERIENCER DISCLOSURE MOVEMENT***. Unlike the current fad of “UFO Disclosure”, which involves the following-- so-called materialist “whistle-blowers”, so-called crashed flying saucers, and so-called pictures and videos of UFOs -- we hold that this materialist approach to Ufology has contributed very little over the last 80 years in revealing the true nature of the UFO Phenomenon-- that UFOs are a Consciousness-Based Phenomenon. Instead of this materialist approach, we hold that it is the tens of thousands of UFO Contact Experiencers-- individuals who have seen a UFO and have had communications with Non-Human Intelligence, and who have also had thousands of diverse paranormal experiences via the Contact Modalities-- it is these individuals that hold the **“KEY” to understanding “WHAT IS CONSCIOUSNESS and WHAT IS THE UFO CONTACT PHENOMENON.”**

3. Publish academic books exploring the relationship between Consciousness Research and Contact with Non-Human Intelligence via the Contact Modalities. The goal is to present theoretical books on this relationship but also books detailing the experiencers of the Contact Modalities.

4. Promote information that **“UFO DISCLOSURE”** has been taking place for more than 50 years by **“Experiencers” of the Contact Modalities, including UFO Contact**. You do not have to wait for the Federal Government to reveal this information. Tens of thousands of documented cases from “Experiencers of the Contact Modalities” have already revealed UFO Disclosure and UFO experiences via the Contact Modalities. Who would you rather believe-- Medical Doctors, Ph.D. academic professors, licensed bar attorneys, teachers, police officers, DEA Federal Agents, etc., individuals who have had UFO-related contact experiences and related “paranormal” experiences, or would you rather believe “whistleblowers” who claim to know third parties who have seen a crashed “flyer saucer”; or individuals who claim to have taken care of “Alien Beings” at Area 51 without any shred of evidence; or others who claim to have traveled to Mars and back to protect a secret space program US Mars colony from evil Reptilians. This is the state of materialist Ufology today. Of course UFOs exist! The true question is what are they, why are they here, and what are the details of human contact experiences with UFOs and its related Non-Human Intelligence and related paranormal experiences. This is true Disclosure-- disclosure from UFO Contact Experiencers. Waiting for the US federal government to reveal UFOs exist is sheer lunacy and at best misguided.

Materialist Ufology has historically dismissed cases involving a UFO Contact Experiencer with their accompanying paranormal experiences. Because they are materialists, they ignore the topic of Consciousness because they cannot touch it, see it, smell it, hear it, or taste it. For a materialist, Consciousness does not exist because their approach is a Physicalist Approach-- an investigatory approach via their 5 senses. Yet Materialist Ufology has historically embraced, without any scrutiny, the UFO whistleblowers who know someone, who in turn knows someone else, who then swear they have seen a crashed UFO and either dead beings or captured live UFO-related beings. These individuals, and their wishful materialist believers, are pushing for disclosure from the federal government yet they remain clueless about the UFO Experiencer literature and the complex Consciousness-based nature of the UFO Contact Phenomenon. If you truly want Disclosure, read the tens of thousands of UFO Contact Experiencer books, including the books published by the CCRI organization, which include the 820-page academic book titled “*Beyond UFOs: The Science of Consciousness & Contact with Non-Human Intelligence*” and the three 800-page Experiencer written books, Volumes 3-5, of the “*A Greater Reality*” book series. What Materialists need to do is to “*wake up and smell the coffee*”. UFO Disclosure is all around them via the UFO Contact Experiencer.

5. Disseminate information explaining that the materialist approach to Ufology is an intellectual “dead end”. Unlike the misinformation and disinformation circulating around materialist Ufology, the CCRI organization has provided numerous **academic** research studies and **academic books** written by Ph.D. Academics, Medical Doctors, and researchers who argue that the UFO Phenomenon is in fact a “*CONSCIOUSNESS-BASED PHENOMENON*”.

**5 YEAR ACADEMIC RESEARCH STUDY
ON UFO CONTACT EXPERIENCERS**

My first book, co-edited by myself, Harvard Astrophysicist, Dr. Rudy Schild, and retired Ph.D. professor of Psychology, Dr. Jon Klimo, was published in 2018, is an 820-page academic book titled “*Beyond UFOs: The Science of Consciousness and Contact with Non-Human Intelligence*”.

**“*Beyond UFOs*” was the world’s first, and remains, the only,
comprehensive worldwide academic statistical research study on
UFO Contact Experiencers.**

Over a 5-year period, over 4,350 individuals from over 125 countries participated in the research study's 3 surveys, comprised of 700 quantitative and 70 open-ended questions. These survey questions and their analysis were prepared and administered by a team of 15 Ph.D. retired academic professors and researchers of the UFO Contact Phenomenon. Numerous other Ph.D. academics and researchers participated in this 5-year academic research study and our findings were published in the peer-reviewed "*Journal of Scientific Exploration*".

(Attached is a copy of this peer-reviewed publication.)

The data findings from the *Beyond UFOs* academic research study contradict much of what is circulating in materialist Ufology, yet few in the field of materialist Ufology have even bothered to read our book. The problem is that the majority of materialists in Ufology have refused to read this pioneering work because we mention the word "Consciousness" in our title. Materialists in Ufology refuse to accept the Psyche, or Consciousness-based aspects, of the UFO Phenomenon. Materialist Ufology research throws out all aspects of the UFO Contact Experiencer and the paranormal and consciousness-based aspects of Ufology. They are literally "*throwing out the baby with the bathwater!*"

(Attached are several chapters from our book "*Beyond UFOs*".)

THE SIX VOLUMES OF THE GREATER REALITY BOOK SERIES

I and several retired Ph.D. academics and medical doctors, have co-edited a 6-volume book series titled "*A Greater Reality: The New Paradigm of Nonlocal Consciousness, the Paranormal & the Contact Modalities*". Each of the 6 volumes is approximately 800 pages in length.

The other co-editors of the 6-volume "*A Greater Reality*" book series are as follows:

- Dr. Rudy Schild (retired professor of Astrophysics at Harvard University);
- Dr. Jon Klimo (retired professor of Psychology);
- Dr. Jeffrey Long, MD (NDE Researcher and author);
- Dr. Joseph Burkes, MD (UFO Researcher and author);
- Dr. Michael Grosso, PhD (retired professor of Philosophy).
- The late Apollo 14 Astronaut and founder of the Institute of Noetic Sciences, Dr. Edgar Mitchell was one of the original co-founders of the Dr. Edgar Mitchell FREE Foundation, which later transitioned to the CCRI organization after he died in 2016.

Volumes 1 and 2 are theoretical books discussing the relationship between Consciousness and the "*Contact Modalities*" (a term that I coined in 2013). Many Consciousness scholars, MDs, and academics have contributed to these two volumes. Some of the authors include: Dr. Jeffrey Kripal, Dr. Jeffrey Mishlove, Dr. Raymond Moody, Dr. Gary Schwartz, Dr. Jon Klimo, Dr. Rudy Schild, Dr. Michael Grosso, Dr. Jeffrey Long, Dr. Bruce Greyson, Dr. Jim Tucker, Dr. Larry Dossey, Tom Campbell, Dr. Eben Alexander, Dr. Edgar Mitchell, Dr. Glen Rein, Dr. Sharon Hewitt Rawlette, Dr. Raul Valverde, Dr. Joseph Burkes, Dr. Charles Emmons, Dr. John Alexander, George Knapp, and many others. *Volume 2 has 13 academic articles arguing that the UFO phenomenon is not necessarily a purely materialist phenomenon but might be a Consciousness-based phenomenon.*

Volumes 3-6 contain over 100 articles written by major Experiencers of the Contact Modalities. They write about the history of their contact experiences with Non-Human Intelligence via the Contact Modalities. Approximately 50% of these individuals have had UFO-related contact experiences, in addition to NDEs, OBEs,

ASE, sightings and communication with the deceased, and many other “paranormal” experiences via the Contact Modalities. Approximately 50% of these individuals have had UFO or UFO-related contact experiences together with a cornucopia of diverse experiences via the Contact Modalities. ***These experiences suggest that the UFO phenomenon might be a Consciousness-based phenomenon associated with all of the other paranormal Contact Modalities.***

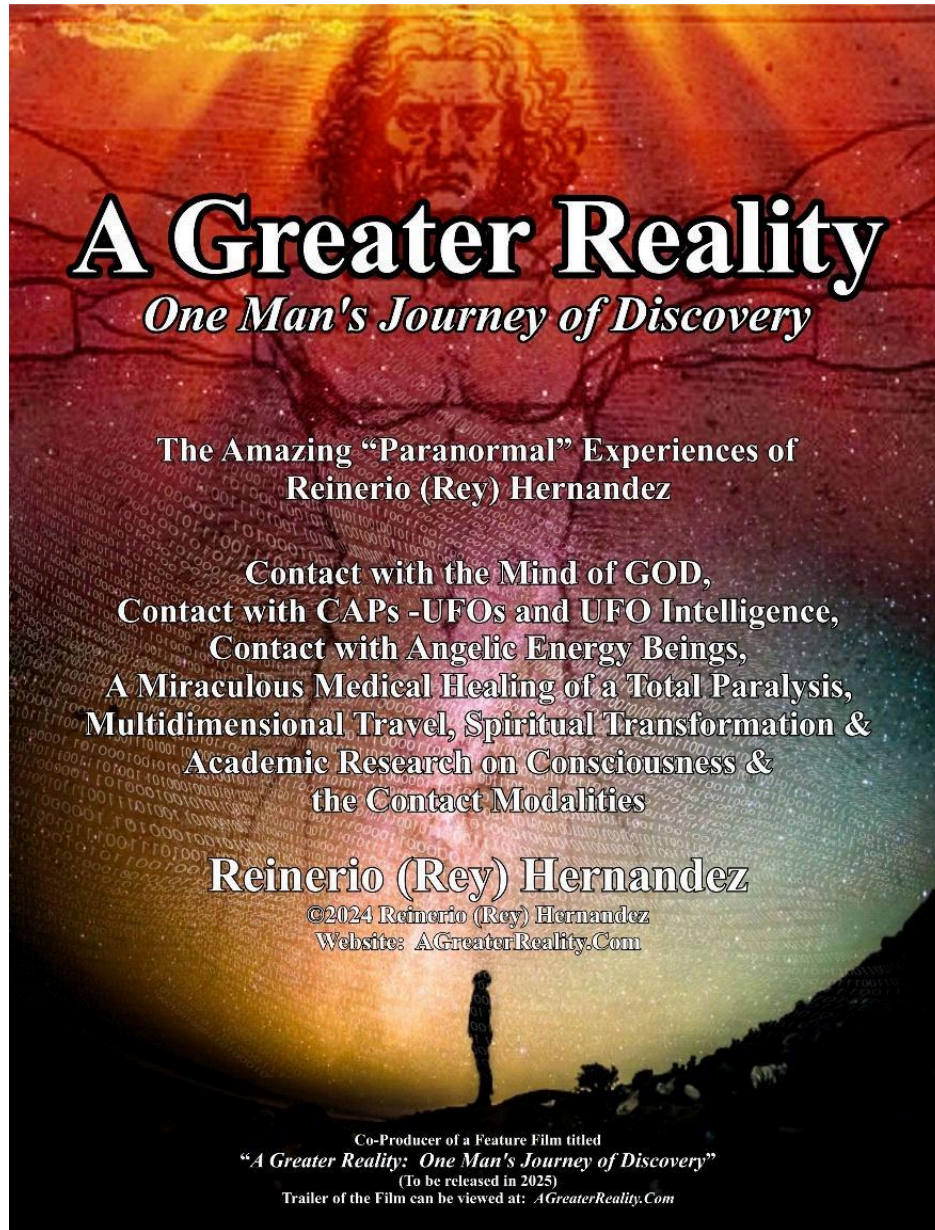

LEARN ABOUT THE UFO CONTACT PHENOMENON

I recommend that you first begin to read these free PDF books made available as of April 1, 2025, from the CCRI website: <https://agreaterreality.com/>

1. "***Beyond UFOs: The Science of Consciousness and Contact with Non-Human Intelligence***", the world's first and only comprehensive, worldwide, statistical academic research study on UFO Contact Experiencers. Over 4,350 individuals from over 125 countries participated in the 3 surveys from this academic research study whose findings contradict much of what is circulating in materialist Ufology. Attached is a peer-reviewed publication, by the academics of the Dr. Edgar Mitchell FREE Foundation, that was published in the ***Journal of Scientific Exploration*** on the FREE research data. I am also attaching a PDF copy of several chapters of the ***Beyond UFOs*** book.

2. ***Volumes 3-6, "A Greater Reality: The New Paradigm of Nonlocal Consciousness, the Paranormal and the Contact Modalities"***. These 4 books contain over 3,200 pages of chapters written by major experiences of the paranormal Contact Modalities. They detailed chronologically the many paranormal contact experiences they have had. Approximately 50% of these individuals have had UFO or UFO-related contact experiences.

3. My new 420-page book about my paranormal contact experiences is titled: "***A Greater Reality: One Man's Journey of Discovery***".

This book discusses the evolution of my paranormal experiences via the Contact Modalities, which started in March of 2012, at the age of 53, while I was working as a federal attorney with the US Dept of Treasury. The book also presents my many hypotheses on the UFO Contact Phenomenon and the other Contact Modalities. Below is just a small sample of the hypotheses that I developed from my personal experiences:

- that the UFO phenomenon involves Holographic Projections of both perceived UFOs and UFO "beings" (similar to the Holographic Projections of beings and images one "sees" via an NDE),

- telepathic communications with UFO-related Non-Human Intelligence (just like the NDE phenomenon),
- the ability to “call down” a Consciousness Aerial Phenomenon, a CAP (commonly called UFOs or UAPs) within 15 minutes of making this attempt (similar to an NDE, OBE, ATE, or Remote Viewing, where you intend to see something during your experience and then your individuated unit of consciousness goes to that location once your intention is manifested). A Materialist would never understand the concept of “Intention”.
- the ability for the UFO intelligence to influence your thoughts (very similar to an NDE or OBE where this Non-Human Intelligence reads your thoughts and influences your thoughts),
- the spiritual aspects and spiritual transformation of UFO Contact (85% of UFO Contactees became deeply spiritual, similar to NDE experiencers),
- the ability for UFO intelligence to appear in thousands of different humanoid shapes and forms (the top two types of beings seen in UFO Contact are the Energy Being and the Human Looking Being, similar to an NDE). These are not physical beings from physical planets but holographic projections from multidimensional intelligence,
- the ability for Consciousness Aerial Phenomenon (UFO objects) to appear in thousands of different shapes (Almost all NDEs are different from each other, just like UFO Contact Experiencers, yet they both have shared similarities),
- the ability of UFO-related intelligence to undertake “miraculous” medical healings (the UFO and NDE phenomenon have hundreds of "miraculous medical healing cases"). The cases of Dr. Eben Alexander, who had a terminal infection of his brain, and Anita Morjani, who was healed of Stage Four Cancer, are classic healing cases in the NDE literature. Chapter 6 of our book “Beyond UFOs” documented that 50% of UFO Contact Experiencers had a “miraculous medical healing”. I had one in my home by an Energy Being,
- the ability of UFO intelligence to telepathically relay to you information that is parallel, almost the same, as an NDE experience (you are given a Life

Review, you are shown Past Lives, you are shown future experiences, you are given information that we are destroying our planet),

- In the UFO Contact Phenomenon, initially 37% viewed their experiences as negative but over time, eventually 95% viewed their experiences as highly positive. In the majority of cases, the UFO Contact Experiencer is shown great love by the Non-Human Intelligence they encounter. The same pattern appears in the NDE experience.
- Finally, there is the emerging information that a small percent of individuals that had an NDE, during their NDE, appear on a perceived UFO craft, or that the UFO “beings”, such as Energy Brings, Human Looking Beings, or other Non-Human Intelligence, are also seen during an NDE. We suspect that this phenomenon is related to the hierarchy of dimensional planes of Consciousness when the individuated unit of consciousness that leaves the body during an NDE returns to an intermediary plane associated with the CAP.
- All of this data on the relationship between NDEs and UFO Contact leads one to want to gather more data on the relationship between the UFO and NDE phenomenon.
- **Remember: “You can lead a cow to water but you can’t make him drink”. Same thing with the information I am providing.**

· All of these topics are discussed in my new book, *A Greater Reality: One Man's Journey of Discovery*. All of this information will be presented in a more thorough and detailed manner in my future book on the UFO Contact Phenomenon and Consciousness.

(Attached is a copy of “A Greater Reality: One Man’s Journey of Discovery”)

4. Read my article titled "*Introduction to Academic Research on the CAP-UFO Contact Experiencer*". This article will also be embedded in the CCRI website. This article discusses the biased research of Bud Hopkins, David Jacobs, and their supporter, Richard Dolan, and compares their so-called hypnotic regression research on Alien Abduction, the Alien Hybridization Program, and their

conclusion that ALL UFO related contact experiences are "negative", to the academically derived data from the Dr. Edgar Mitchell FREE Experience Research Study (FREE). The FREE Foundation's research data findings contradict all of the findings of Hopkins' and Jacobs', yet their research findings remain the prominent and the accepted viewpoint of materialist Ufology to this day regarding the UFO Contact Phenomenon. Yet another example of why materialist Ufology is totally clueless of the complexities of the Consciousness-based nature of the UFO Contact Phenomenon.
