

Introduction to CAP-UFO Contact Experiencer Academic Research

The vast majority of the experiencers writing articles in Volumes 3-6 of the *A Greater Reality* book series have had many diverse types of contact experiences via the Contact Modalities. They have had Near Death Experiences, Out of Body Experiences, Astral Travel Experiences, Hallucinogenic contact experiences, they have seen perceived ghosts/spirits, among many other experiences via the Contact Modalities. Approximately 3/4ths of the Experiencer authors in Volumes 3-6 have had CAP-UFO-related contact experiences.¹ All of the UFO Contact Experiencer authors have also had other types of contact experiences via the Contact Modalities. Because the CAP-UFO contact aspect of the Contact Modalities is such a large component of these articles, It is important to educate the readers about the CAP-UFO academic research data on this phenomenon.

The majority of the researchers in the field of “Ufology” are materialists-- they hold the belief that the CAP-UFO related contact hybridization program on human beings. Three prominent Ufology researchers, David Jacobs, Budd Hopkins, and Richard Dolan, argue

¹I argue throughout this book, and all of my other books, that the UAP/UFO phenomenon is a consciousness-based phenomenon. Thus, instead of the term UAP or UFO, terms that do not define nor explain the phenomenon as one that is consciousness-based, my preferred term is **CAP or Consciousness Aerial Phenomenon**. This term is much more explanatory of the true nature of the phenomenon. Therefore, throughout all of my books, I use the term **CAP-UFO (Consciousness Aerial Phenomenon)** to signify what is commonly called the UFO Phenomenon. I will articulate on this new term later in this chapter.

that 100% of CAP-UFO Contact Experiences are negative and that they result in highly traumatized individuals who suffer from a lifetime of trauma and fear. **David Jacobs, in particular, has argued that he has NEVER met a CAP-UFO contact experiencer that has had a positive experience-- NEVER!** Today, with the rampant circulation of conspiracy theories on the internet, we now understand that if you repeat a lie over, and over, and over again, the lie will eventually become a “fact” in the mind of the intended audience.

In their hundreds of radio interviews and numerous presentations at major CAP-UFO conferences over the last 40 years, David Jacobs, Budd Hopkins, Richard Dolan and other “Abduction” researchers have articulated negative views of the UFO contact phenomenon, and in turn, these lies, misinformation and disinformation began to establish the mainstream view within Ufology that all CAP-UFO contact involves an abduction by a physical being from a physical planet and that all abductions are highly negative experiences involving the hybridization of humanity.

All of this propaganda is sheer nonsense which was destroyed by the only academically derived data of the 5 year academic research study of the ‘*Dr. Edgar Mitchell FREE Foundation UFO Experiencer Research Study*’ which was published in our historic 820-page academic book “*Beyond UFOs*”. In addition, the two principal pioneers of Ufology, Dr. J. Allen Hynek and Dr. Jacques Vallee, have dismissed the traditional view of the Alien Abduction Phenomenon as documented in their numerous recorded testimonies and books.

The majority in the field of Ufology, in particular Richard Dolan, one of the most well-known materialist Ufologists, has supported the work of Budd Hopkins and in particular David Jacobs. **In one of his radio shows in 2018, Dolan stated that David Jacobs was the “best researcher” in the CAP-UFO contact phenomenon field.²** The

YouTube video that Richard Dolan released his interview with David Jacobs had the title “**This Planet will be Theirs, interview with Dr. David Jacobs, the Richard Dolan Show**”. The interview date was December 10, 2018. The interview begins as follows:

*“Welcome to the Richard Dolan show... My guest for this program is Dr. David Jacobs. I think that Dr. David Jacobs is **unquestionably the world’s leading researcher in the generally neglected field of alien abduction**... His take is that it is not just bad, it is very bad... He states that we are in the midst of what he called a planetary acquisition... **David is remarkably careful, and yes, scientific in his approach**...”*

It is important to restate that David Jacobs has publicly stated in numerous of his recorded radio interviews over the last 30 years that **he has NEVER met a CAP-UFO contact experiencer with a positive experience-- NEVER!**

Richard Dolan, based upon his relationship with David Jacobs, Budd Hopkins, and many of the so-called “Abduction Researchers”, also claims to know what is “The Alien Agenda”. In 2020 Dolan published a book titled “***The Alien Agenda***” even though he has never done any primary research on the CAP-UFO contact phenomena nor has he conducted any academic statistical research on this phenomenon. All of his research was based upon secondary sources derived via the hypnotic regression work of David Jacobs, Budd Hopkins and other Alien Abduction hypnotic regression researchers and not on any academic statistical research or any primary research on UFO Contact Experiencers. An old saying in academic statistical research can be applied to the case of Dolan, Jacobs and Hopkins: “**Junk In and Junk Out**”.

Yet, Dolan, whose book “***The Alien Agenda***” has sold tens of thousands of copies, has presented these claims at numerous CAP-UFO conferences, radio interviews, and his Netflix and Ancient Alien

appearances over many years. It is the view of Hopkins, Jacobs and Dolan that pervades the field of modern materialist Ufology-- a view that was dismissed by the Fathers of Modern Ufology, Dr. J. Allen Hynek (last years of his life), Dr. Jacques Valle, and Dr. John Mack (in his book "*Passport to the Cosmos*"). The world's only comprehensive academic statistical research study on UFO Contact Experiencers, conducted by the academics and researchers of the Dr. Edgar Mitchell FREE Foundation, have also dismantled and dismissed the views of Jacobs, Hopkins and Dolan.

Are the views of Jacobs, Hopkins and Dolan correct-- that CAP-UFO Contact Experience with Non-Human Intelligence (NHI) result in highly negative experiences from physical ET beings? Are all of these contact experiences negative? Are these so-called beings conducting alien hybridization on the human species? Are these "beings" physical beings from other planets? Neither Jacobs, Hopkins, Dolan, nor any other Alien Abduction researcher, has ever conducted a comprehensive academic worldwide statistical research study on CAP-UFO Contact Experiencers. All of the data presented by Hopkins and Jacobs has been based on pre-selecting individuals for hypnotic regressions, in particular individuals that perceive their experiences to be a negative phenomenon. Anyone that had a positive or neutral experience were dismissed and not invited to one of their hypnotic regression sessions.

Yet Richard Dolan states that David Jacobs is unquestionably the best researcher in the field and that "*David is remarkably careful, and yes, scientific in his approach.*" Let's investigate whether Dolan's statements are an accurate assesment on the "research methodology" of David Jacobs and Budd Hopkins and whether his views reflect the data from UFO Contact Experiencers.

The wife of Budd Hopkins, Carol Rainey, in her article in Volume 3 of the *A Greater Reality* book series, titled "*Priests of High Strangeness: Co-Creation of the "Alien Abduction Phenomenon"*". Her article highlights numerous examples of how Hopkins and Jacobs,

through their biased work, created an environment of misinformation and disinformation which resulted in the creation of a fictionalized “*Alien Abduction Phenomenon*”. I highly recommend this article written by the ex-wife of Budd Hopkins to get a better understanding of the biased work of Hopkins, Jacobs and their supporter, Richard Dolan.

It was not until the formation of the Dr. Edgar Mitchell FREE Foundation UFO Experiencer Research Study (FREE Research Study) that the contact phenomenon was studied academically and statistically for the first time. Before the FREE research study, there were no previous comprehensive, worldwide, statistical, academic research of CAP-UFO Contact Experiencers. There were small studies on CAP-UFOs, on perceived “physical crafts”, such as the Condon Report, but never a comprehensive worldwide academic statistical research study on CAP-UFO contact experiencers-- Never! Some of the previous small studies focused solely on “abductees”. In addition, some of these previous research studies on UFO Contact Experiencers had at most 50 respondents and had less than 50 questions-- all related questions focused on a physical abduction. These studies were severely limited because they focused only on so-called abductees and because of the small preselected sample size of 50 individuals and the 50 questions, focused on the abduction phenomenon.

The FREE Research Study represents the first comprehensive academic multi-language and cross-cultural statistical investigation of individuals who have reported to have seen a UFO and have had various forms of UFO related Contact Experiences with Non-Human Intelligence. The FREE research committee, comprised of more than 8 Ph.D. academics and 8 CAP-UFO non-academic researchers, developed 2 quantitative surveys, comprised of 700 questions, and a qualitative survey, comprised of 70 open-ended questions. FREE received more than 4,350 responses from individuals from more than 125 countries for our English language surveys. Our Spanish language surveys had responses from an additional 1,200 Spanish speaking respondents. Our

research was much more comprehensive than the previous research studies that had only 50 questions and received responses from only 50 individuals who claimed to have had an abduction experience.

Our FREE research study findings contradict almost all of the views currently held by mainstream materialist Ufology and the “alien abduction researchers”. Thus, the FREE research study is the only game in town and the data findings from this academic research study totally contradict all of the abduction hypnotic regression information presented by Hopkins, Jacobs, Dolan and the other “abduction researchers”. These data findings were published in 2018 in the academic book titled “*Beyond UFOs: The Science of Consciousness and Contact with Non-Human Intelligence*”.³

As previously noted, this book is available for FREE as a PDF file in the CCRI website: **AGreaterReality.Com**. If you want a paperback copy or an eBook such as Kindle, you can purchase a copy via Amazon.

Even though there is no other statistical research study on UFO Contact Experiencers, our book *Beyond UFOs* has sold only a few hundred copies since its publication in 2018 but meanwhile, the books by Dolan, Jacobs and Hopkins have sold hundreds of thousands of copies. In addition, these individuals were invited to hundreds of UFO conferences and radio shows over the last 40 years. Yet, the Ph.D. academics of FREE, including Dr. Edgar Mitchell, Dr. Rudy Schild, Dr. Jon Klimo, Dr. Bob Davis, and others, were never invited to a UFO conference or radio show. So much for academic research! As usual, conspiracy theories, fear mongering stories, outright lies, misinformation, and disinformation have reigned supreme in the field of materialist Ufology and this worldview of “*Alien Abductions*” resulting in a “*Hybridization of Alien Babies*” has remained the predominant view within the field of mainstream materialist Ufology.

³Hernandez, R., R. Schild & J. Klimo, eds. (2018). *Beyond UFOs: The Science of Consciousness and Contact with Non-Human Intelligence*. CreateSpace Independent Publishing (Amazon Press).

For these reasons, in my opinion, the field of materialist Ufology remains clueless of the complexities of the UFO contact phenomenon and for this reason other Ph.D. academics and scientists have totally dismissed the field of materialist Ufology, certainly almost all of the academics associated with CCRI-- academics whose primary research agenda is on the topic of **“What is the relationship between Consciousness and the paranormal Contact Modalities”**.

In order to have participated in our FREE Research Study, the participant must have been able to respond to these two questions: 1) the participant must have seen a CAP-UFO, commonly called a UFO or UAP, and must describe what he saw and the details regarding the sighting, and 2) the participant must have had a “contact experience” with a Non-Human Intelligence-- the contact can be contact with a perceived “physical being” or the contact can be via a “telepathic communication”.

The above-referenced FREE data collected from thousands of “Contact Experiencers” clearly indicates that CAP-UFO Contact is overwhelmingly a positive experience and that the majority of individuals call themselves **“Contactees”** instead of “abductees”. Out of the 4,350 UFO Contact Experiencers from more than 125 countries who took our 3 surveys **only 5% claimed that their experiences were negative-- that is it, only 5%. Hopkins in particular has claimed that he has NEVER met a UFO Contact Experiencer that has had a positive experience. So much for the so-called hypnotic regression “research” of Dolan, Jacobs and Hopkins!**

In addition, over 85% of these contact experiencers have claimed that they have undergone a dramatic positive transformation of their values and worldviews. Such transformations include an increase in spirituality, they became more loving and caring to others, they became more ecologically friendly, they no longer cared about acquiring material wealth, they became more consciously aware, they no longer feared death, and this was just a few of the more than 70

transformational questions we asked. We borrowed these 70 questions from the work of Ph.D. academic Dr. Kenneth Ring ⁴ in his work “*The Omega Project: Near-Death Experiences, UFO Encounters, and Mind at Large*”.⁵ The data findings from the FREE surveys matched the data findings from Dr. Ring’s statistical research findings.

Over 84% of those that took the FREE surveys stated that they did not want their CAP-UFO Contact Experiences to end. 70% claimed that their CAP-UFO contact experiences changed their lives in a “positive way”. The data also did NOT reveal any evidence of a hybridization of humanity like David Jacobs has alluded to. In fact, over 67% stated that they have seen CAP-UFOs and have seen a perceived Non-Human Intelligence but they never had an “abduction”. Of the 30% that stated that they “initially” thought that they had a perceived abduction experience, over 70% of these individuals now claim their experiences were highly positive and that they now consider themselves a “Contactee” instead of an “Abductee”.

Thus, 70% of the 30% who initially thought they had an “alien abduction” experience now perceive their experiences as a positive contact experience and not as a negative abduction experience. Remember, David Jacobs has publicly stated that he has NEVER met a UFO Contact Experiencer who has had a positive experience—NEVER! Yet Richard Dolan has stated that Jacobs is “**unquestionably the world’s leading researcher in the generally neglected field of alien abduction**” and that “**David is remarkably careful, and yes, scientific in his approach.**” For Dolan, hypnotic regression from a biased

⁴ Dr. Kenneth Ring is Professor Emeritus of Psychology at the University of Connecticut, and an internationally recognized authority on the subject of near-death experiences, a topic where he has written five books and nearly a hundred articles. He is also the co-founder and past President of The International Association for Near-Death Studies and the founding editor of its quarterly scholarly journal, *The Journal of Near-Death Studies*.

researcher, who preselects the person he wants to interview and who asks one leading question after another, is superior to a non-biased statistical academic research study developed and supervised by various Ph.D. academic professors.

The overwhelming majority of the UFO contact experiencers now state that they are not an abductee but instead they now call themselves a “Contactee” and that their experiences were overwhelmingly positive. All of the data for these statements are presented in Chapter One of our book “*Beyond UFOs*”. **So much for the views of Dolan, Jacobs and Hopkins that ALL UFO Contact Experiences are negative!**

One additional and important research finding is that the CAP-UFO contact experiences are primarily “paranormal” experiences instead of physical experiences. The numerous articles in Volume 3-6 of our *A Greater Reality* book series also confirm this fact. Raymond Fowler, a UFO researcher, who has spent over 60 years researching UFO Contact Experiencers, presents hundreds of examples supporting the hypothesis that UFO contact is primarily a “paranormal” experience instead of primarily a physical experience. Raymond Fowler’s article, presented in Volume 4 of the *A Greater Reality* book series, clearly substantiates the hypothesis that the UFO Contact Phenomenon is primarily a Consciousness-based “paranormal” phenomenon involving the Contact Modalities, including a relationship between CAP-UFOs, Out of Body Experiences and the Near-Death Experience (NDE) phenomenon. This was the same conclusion also reached by Dr. Kenneth Ring, Harvard Medical Professor Dr. John Mack and by the academics of the FREE Foundation.

The FREE Experiencer Research Study demonstrates that these individuals have seen a perceived physical CAP-UFO and have physically seen a perceived “physical being”, but more than 90% of their experiences can be considered “paranormal” in nature. For example, 80% have had an OBE; 78% have received telepathic messages from Non-Human Intelligence (NHI); 50% have stated that they or a family

member has received a “miraculous” medical healing from NHI; 37% have had an NDE; 67% have had a past life memory; 55% have physically seen an orb; 76% have seen a ghost or spirit; and the overwhelming majority have had other types of paranormal experiences in their home.

There were over 75 different types of paranormal experiences described by these individuals in our statistical questionnaire. While these types of paranormal contact experiences have been documented in the past, the FREE research study, for the first time, quantified each type of CAP-UFO associated paranormal contact experience. Remember that this data was derived from more than 4,350 UFO Contact Experiencers from more than 125 countries for our English language survey. Volumes 3-6 from the *A Greater Reality* book series documents the detailed experiences of more than 75 individuals that highlight the positive aspects of the CAP-UFO contact experience and its paranormal nature.

Initially, some of these individuals viewed their experiences as negative, but when they took the survey, sometimes more than 30 years after their initial UFO Contact Experience, all now view the initial UFO Contact Experience as highly positive. This data is in contrast to the views of Dolan, Jacobs and Hopkins and almost all materialist Ufologists who have never acknowledged the paranormal aspects of the CAP-UFO contact phenomenon. **Once again, so much for the so-called alien abduction “research” of Dolan, Jacobs and Hopkins.**

It should be pointed out that neither Jacobs, Hopkins nor Dolan has ever conducted nor published any statistical research on CAP-UFO related contact experiences with Non-Human Intelligence. Meanwhile, the academics of the FREE Foundation published 2 peer-reviewed academic articles in two academic journals, on our FREE Research

Study.⁶ It should also be noted that the FREE research did not allow memory recollection based upon hypnotic regressions, which can be very biased (see the article by Hopkin’s wife, Carole Rainey, in Volume 3 of *A Greater Reality*) but almost all of the information received by Hopkins, Jacobs, Dolan and the other “abduction researchers” has been derived via hypnotic regressions. Carole Rainey’s article details numerous examples of how Jacobs and Hopkins co-created the “Alien Abduction Phenomenon” via biased selection of their candidates for hypnotic regressions, the many leading questions they asked, and their refusal to admit when one of their interviewees have been caught in numerous lies and deception.

Unlike the opinions of Jacobs, Hopkins, and their supporter Richard Dolan, who both believed that ALL of the contact experiences revolve around an “alien abduction breeding program,” the FREE study revealed that only 7% of our entire sample population reported that a fetus “**might have been taken**” from them, even though this 7% of the survey participants did not present any detailed written response nor evidence of their suspicions of an “alien hybridization program”.

Many of these individuals later told us in their open-ended questions that the information of hybridization came from a hypnotic regression even though the survey instructions told them not to include memories from a hypnotic regression. Of the 7% that mentioned that they “might” have been involved in an alien hybridization program, only 5 individuals wrote down the details of these hybrid pregnancies in our open-ended survey. All of them, however, stated that the information was recalled via “hypnotic regression” and not via “conscious explicit memories”.

⁶ Hernandez, R., Schild, R., Klimo, J., Davis, R., Scalpone, R. *A Study on Reported Contact with Non-Human Intelligence Associated with Unidentified Aerial Phenomena*. **Journal of Scientific Exploration**, Vol. 32, No. 2, pp. 298–348, 2018

Were these 5 individuals hypnotically regressed by David Jacobs? In statistical language, the small numbers that answered the “alien hybridization” question can be viewed as an “outlier”, possibly due to the influence of Jacobs, Hopkins, Dolan and other “abduction researchers” who began publishing their views of “Alien Hybridization Program” over the last 30-40 years at all of the major UFO conferences and in UFO related radio shows. All of this *indoctrination* was bound to affect a small group of individuals over a 30–40-year period. In statistical analyses, these “outliers” are thrown away because they are not consistent with what the overwhelming majority of the 4,350 participants in our 3 surveys have told us. Unlike David Jacobs and Budd Hopkins, who argued that 100% of the Alien Abduction involved an Alien Hybridization Program, our FREE data found just the opposite. **Once again, so much for the so-called “alien abduction research” and “alien hybridization findings” of Dolan, Jacobs and Hopkins.**

While initially, 37% of the FREE survey respondents viewed their experiences as negative, **over time**, only 5% came to view their experiences as negative-- **that is it, only 5%!** This initial rate of negativity is understandable and were described in the cases of Dr. John Mack who stated that these initial experiences can be described as an “ontological shock”, due to the anxiety, confusion, and searching for answers, etc., of these initial contact experiencers. Nevertheless, with repeated interactions with various forms of Non-Human Intelligence, in many cases lasting 20-40 years, such as the case of UFO Contactees Whitley Strieber and Kathleen Marden, the majority of CAP-UFO contact experiencers came to regard their experiences as highly positive and transformative. This was the same conclusion reached by the FREE Foundation researchers Dr. Leo Strieber, Kathleen Marden, Barbara Lamb, Mary Rodwell, Rosemary Ellen Guiley, Brad Steiger, and non-FREE researchers such as Raymond Fowler, Dr. John Mack, and so many others. What all of these researchers lacked was an academic statistical research study to provide data for their initial hypotheses.

What accounted for this extreme rate of positivity over the long term in the thousands of FREE survey participants? Both the quantitative and qualitative data findings confirm two reasons why initially the rate of negative experiences decreased from 37% for their initial experiences but later only 5% viewed their experiences as negative. First, their initial experiences were perceived with fear and were an “ontological shock”. Their past worldview of reality came crashing down. Nevertheless, over time, both the nature of their experiences changed to more positive experiences and, over time, their experiences became more spiritual. These perceived additional experiences triggered them to reflect on the nature of our reality and the spiritual aspects of their lives. Again, this hypothesis is reinforced by the finding that, 84% of the FREE study population reported that they did not want their contact experiences to end. In addition, 80% stated that they became more spiritual after their “Contact Experiences” started. In summary, approximately 5% of survey respondents regarded their Contact Experience (CE) with NHI as “negative” while more than 71% stated that their CEs were “highly” positive.⁷ As further proof for this argument, I encourage everyone to read the numerous experiencer written articles in Volumes 3-6 of the *A Greater Reality* book series.

Dr. Joseph Burkes and researcher Preston Dennett, in Chapter Six of “*Beyond UFOs*”, a chapter titled “*Medical Healings Reported by Contact Experiencers: An Analysis of the FREE Data*,” described that 50% of the thousands who took the FREE surveys stated that they had a “*miraculous CAP-UFO medical healing*”. FREE defined a **medical healing** as “a physiological improvement of a severe medical ailment as the result of an encounter with Non-Human Intelligence (NHI)”. CAP-UFO medical healing cases have appeared regularly since the modern age of CAP-UFOs, in historical religious texts, and continue to be reported today. Once again, thousands of experiencers have documented

a medical healing but Jacobs, Dolan and Hopkins never bothered to mention the fact of UFO medical healings. These medical healings were totally dismissed by these 3 individuals.

In 1996, prolific UFO researcher Preston Dennett released his book, *UFO Healings*, that discussed in detail more than 100 cases of medical healings by CAP-UFO related Non-Human Intelligence.⁸ In 2019, after the FREE Foundation published its 820-page book, “*Beyond UFOs*”, Preston published a second book, but now with over 300 new cases of CAP-UFO medical healings.⁹ While many researchers now agree that these cases exist, little was known about how common they actually were until the FREE study. The data from the FREE survey revealed that 50% of the thousands of respondents that took our surveys, reported a CAP-UFO related medical healings by Non-Human Intelligence-- **again, over 50% had a medical healing!**

Alien Abduction researcher Budd Hopkins stated, “*The question is whether we hear about healing cases. We do sometimes, very rarely, but they do turn up*” (Dennett, 1996). Alien Abduction researcher David Jacobs in his book, *Secret Life*, writes, “*In extremely rare cases, the aliens will undertake a cure of some ailment troubling the abductee*” (Dennett, 1996). The FREE surveys documented that not only “mere ailments” were medically healed, but cancers, complete paralysis, and other MAJOR illnesses, which are certainly not “mere ailments”. Retired medical doctor, Dr. Joseph Burkes, reviewed the medical records of many major medical healing cases and confirmed these “miraculous” medical healings. Many of these major healing cases were fully documented and presented in Chapter Six of our book “*Beyond UFOs*”. One case was from Kathleen Marden, a major UFO

researcher, author and a FREE Research Committee member. Before the book's publication she did not want her name to be identified as one of the 10 UFO medical healing cases. She has now publicly discussed her own UFO medical healing. A second case of a UFO medical healing was from another emergency medicine doctor, who I personally know, and who wished to remain anonymous. Dr. Burkes interviewed this other ER MD and all of the individuals in the 10 presented healing cases were mentioned in Chapter Six of *Beyond UFOs*. He also reviewed and confirmed the medical records of these individuals.

While Hopkins and Jacobs both asserted that such accounts are “very rare,” Harvard Medical School professor of psychiatry, John Mack MD, in his book, *Passport to the Cosmos: Human Transformation and Alien Encounters*, a book that was a watershed event for the CAP-UFO experiencer community, writes “...*many abductees have experienced or witnessed healing conditions...*” (Mack, 2000). Edith Fiore Ph.D. concurs with Mack and writes, “*One of the most interesting findings that emerged from this work was the many healings and attempts to heal on the part of the visitors...In about one-half of the cases, I've been involved there have been healings due to operations and/or treatments*”.¹⁰ FREE's data matches exactly Fiore's cases-- one half of contact experiencers have had a medical healing! Again, this data is not from a small group being hypnotized on the couch of David Jacobs or Budd Hopkins. Instead, the medical healing data was derived from more than 4,250 individuals from more than 125 countries that took our 3 surveys.

This example clearly illustrates that while many major researchers have uncovered thousands of cases of medical healings, these cases have been minimized by mainstream materialist ufologists and the majority of the “Alien Abduction” researchers. Why? -- because quite frankly, many have a mindset, like Jacobs, Hopkins and Dolan, that all of the

CAP-UFO contact experiences with NHI are primarily negative, evil and that medical healings do not buttress these worldviews.

The topic of “*UFO related Medical Healings*” is just one of the many prime examples of how David Jacobs, Budd Hopkins and Richard Dolan tried to misinform and disinform the public with their negative spin on the CAP-UFO Contact Phenomenon. **Once again, so much for the so-called “Alien Abduction” research of Dolan, Jacobs and Hopkins.**

Many well-known individuals who wrote about their early negative abduction experiences are now stating that their experiences, viewed after many years, were actually highly positive and were not abductions. Two well-known CAP-UFO researchers who initially viewed themselves as “abductees”, Whitley Strieber and Kathleen Marden, now consider themselves “Contactees” and now claim that they became deeply spiritual because of their contact experiences. They underwent a complete psychological profile transformation for the positive and became deeply spiritual just like the thousands who took our FREE surveys.

UFO and Alien Abduction researcher Kathleen Marden many years ago wrote a book titled “*Captured! The Betty and Barney Hill UFO Experience. The True Story of the World’s First Documented Alien Abduction*”. This book buttressed the negative alien abduction scenario created by Whitley Strieber, David Jacobs and Bud Hopkins. If you read this book you were frightened to death. Kathleen, who is a dear friend, recently wrote a book titled *Forbidden Knowledge: A Personal Journey from Alien Abduction to Spiritual Transformation*.¹¹ In this latest book, Kathleen moves away from the “negative abduction genre” to the spiritual aspects of the UFO contact phenomenon. She has also recently revealed that she also has had a miraculous medical healing

of a major disease by UFO related Non-Human Intelligence. Her recent lectures over the last few years have moved away from the “horrors” of the abduction phenomenon to the spiritually transformative aspects of CAP-UFO contact phenomenon.

Whitley Strieber is arguably the most well-known “Abductee” known to humanity. His abduction-related books have sold hundreds of thousands of copies and have freighted an equal number of readers. His early books, together with the books by Jacobs and Hopkins, helped to establish the negative abduction stereotype. Yet, even Whitley Strieber has moved away from the negative abduction narrative to one of spiritual transformation.

His book *Communion* was a New York Times bestseller and spoke about the horrors of the CAP-UFO “abduction phenomenon”. After the publication of *Communion*, Whitley was invited to speak at all of the major UFO Conferences and major UFO and paranormal radio shows all over the world for the next 40 years. Whitley, together with the “evil alien” narrative of Jacobs, Hopkins and Dolan, set the initial narrative that ALL CAP-UFO contact was evil, negative and involves an alien hybridization program. Now Whitley is presenting a contrasting view.

For over 40 years the majority of CAP-UFO radio shows or CAP-UFO conferences would prominently feature either Strieber, Jacobs, Hopkins, or other “abduction researchers”, as featured speakers who would usually speak of the horrors of the abduction phenomenon. They set the tone, the worldview so to speak, of the CAP-UFO contact phenomenon. Remember that this worldview took root without any comprehensive academic statistical research on the phenomenon-- all of their “findings” were based upon “hypnotic regression” from biased researchers working on their living room couches. All of the positive aspects of the phenomenon demonstrated by researchers Dr. Kenneth Ring, Dr. Leo Sprinkle, Dr. John Mack, Barbara Lamb, Mary Rodwell, Raymond Fowler, Dr. Edith Fiore, and so many others, were ignored

and the preference was to have the appearance of Jacobs, Hopkins, and more recently Dolan as featured speakers at these major UFO conferences and UFO radio shows. As the old saying goes, “**Fear Sells**”. This allowed their hypothesis of the evil alien, and the negative alien abduction phenomenon, to become firmly ingrained in the world view of materialist Ufology. Anyone hypnotically regressed during the 1980s, 1990s, until recently was heavily influence by the 30 years of non-stop propaganda campaign of the evil aliens who are capturing humans, the evil aliens doing wild experiments on us, and the evil aliens impregnating human females with hybrid babies. All of this hypnotically induced false information was promoted by the biased regression therapist teaming up with a propaganda filled experiencer who jointly created the perfect environment for propagating this false alien abduction narrative.

As previously mentioned, I encourage everyone to read Volume 3 of *A Greater Reality* book series which contains an article, written by Carole Rainey, who was the ex-wife of Budd Hopkins, which provides numerous details how the false narrative of the alien abduction phenomenon was propagated by Jacobs and Hopkins. She describes this process as the “*Fabrication of the Alien Abduction Phenomenon*”.¹²

Would it come as a surprise that UFO Contact Researchers Kathleen Marden, Mary Rodwell, Barbara Lamb, and the late Dr. Leo Sprinkle, individuals who have jointly researched over 10,000 UFO Contact Experiencer cases, have recently stated that the alien abduction phenomenon has almost completely disappeared over the last 15 years. It is now rare to hear of a new “evil alien abduction” case. What could be the reason for this dramatic decline? In the 1980s, 1990s and early 2000s, almost anyone that saw a UFO later stated that they “might have been abducted”. Why are these evil aliens no longer capturing us? Why are they no longer inseminating human females in hopes of

¹² See the article by Budd Hopkin’s wife, Carole Rainey, in Volume 3 of the *A Greater Reality* book series, titled “*Priests of High Strangeness: Co-Creation of the Alien Abduction Phenomenon*”

producing hybrid babies? Why are these evil beings no longer doing wicked experiments on humans? Could it be that the good aliens have killed off all of the evil aliens, a rumor spreading all around the internet? Or could the reason be that Hopkins is dead and that Jacobs is no longer on the UFO lecture circuit? You decide!

Over the years, Whitley Strieber's books changed their tone-- he moved away from the horrors of the alien abduction phenomenon to his current position that the CAP-UFO contact is highly positive in the long term and that this contact experience results, in the long term, in a positive spiritual transformation of the experiencer. Whitley's latest books, titled *The Afterlife Revolution*¹³ and *Jesus: A New Vision*, speak about his movement away from the alien abduction narrative towards a narrative of spirituality, resulting from his "Contact Experiences". In one of his recent interviews, he stated that he literally prays to his "Visitors" every night for making him a spiritual person and allowing him to communicate with his deceased wife.¹⁴ Again, here is an example, just like Kathleen Marden, and the thousands who took our surveys, of individuals starting off with a fear-based perspective of their experiences, but over time, eventually came to view their experiences as highly spiritual and highly positive. **Once again, so much for the so-called "Alien Abduction" research of Hopkins, Jacobs, Dolan, and other Alien Abduction researchers.**

Numerous other individuals, such as Debra Kauble, Rev. Michael Carter, and many other individuals who were publicized in the books of David Jacobs and Budd Hopkins, also represent examples of individuals who moved away from the negative aspects of their initial experiences to the spiritually transformative aspects of their experiences. They initially were horrified and scared by their initial experiences but now they view their experiences differently and now promote the view that

their experiences were highly positive and deeply spiritual.¹⁵ **Once again, so much for the views of Jacobs, Hopkins and Dolan who view ALL CAP-UFO contact as highly negative.**

John Keel, one of the pioneer Ufologists during the 1960s and 1970s, and author of numerous Ufology books, eventually reached similar conclusions to Dr. J. Allen Hynek and Dr. Jacque Vallee. Keel stated:

I abandoned the extraterrestrial hypothesis in 1967 when my own field investigations disclosed an astonishing overlap between psychic phenomena and UFOs... The objects and apparitions do not necessarily originate on another planet and may not even exist as permanent constructions of matter. It is more likely that we see what we want to see and interpret such visions according to our contemporary beliefs.¹⁶

In the last few years of his life, Dr. J. Allen Hynek, who I consider the Father of Ufology, began to speculate that the CAP-UFO phenomenon was both physical and psychic and that the phenomenon might be a consciousness-based interdimensional phenomenon. In Curtis Fuller's book titled "***Proceedings of the First International UFO Congress***",¹⁷ he quotes Dr. Hynek as follows:

... "in addition to the observations of materialization and dematerialization, he cited the "poltergeist" phenomenon experienced by some people after a close encounter; the photographs of UFOs, sometimes in only one frame, and not seen by witnesses; the changing of form in front of witnesses; the puzzling question of telepathic communications... the sudden stillness in the presence of the craft;

levitation of cars or people; and the development by some of psychic abilities after an encounter. Do we have two aspects of one phenomenon or two realms, so mysterious to us today, may be an ordinary part of an advanced technology". Fuller, C. (1980).

Note that Hynek was not specifically referring to an advanced technology of a physical alien being from a physical planet. Towards the end of his life, he was publicly discussing the consciousness-based aspects of this “advanced technology”. From the above-referenced quote of Dr. Hynek, the Father of Ufology, one can easily apply the Virtual Reality Hypothesis to the phenomenon of Ufology. What Hynek was missing was the spiritual aspects of the phenomenon which would make it the Spiritual-Virtual Reality Hypothesis. Hynek, unfortunately, was not privy to the extensive academic research data we have today from the field of Near-Death Experience research or the UFO data from the Dr. Edgar Mitchell FREE CAP-UFO Experiencer Research Study, which details the spiritual connection to CAP-UFO Contact. This connection between NDEs and the UFO phenomenon was discussed in Dr. Kenneth Ring’s 1993 book titled “*The Omega Project: Near-Death Experiences, UFO Encounters, and Mind at Large*”.¹⁸ The connection between NDEs and the UFO phenomenon is also articulated in the attached article in Volume 4 of this book by noted UFO researcher Raymond Fowler, titled “*The Relationship Between Ufology & the Paranormal: The UFO and NDE Connection*”.

Dr. Jacques Vallee is in my opinion, the Father of Modern Ufology. He basically took over the mantel held by Dr. Hynek after his passing. As of this writing, in October of 2024, Dr. Vallee is still alive. Dr. Vallee has written over a dozen books on the topic of Ufology since the mid-1960s. He initially was a Research Astronomer and later received his Ph.D. in Industrial Engineering and Computer Sciences from the same university that Dr. Hynek was a professor of Astronomy

at, Northwestern University. They were very close friends and shared many similar worldviews.

During that same time period when Dr. Hynek was changing his views on CAP-UFOs from a materialist to a consciousness-based position during the late 1960s and early 1970s, Dr. Vallee also began to speculate that the intelligence behind the CAP-UFOs might also be a consciousness-based phenomenon. In Vallée's many books, he speculates that the CAP-UFO phenomenon might be a multidimensional phenomenon based on consciousness and that CAP-UFOs might not be a physical flying saucer from a physical planet. Instead, he argued that the UFO phenomenon might be a multidimensional intelligence from another reality-- part of an informational mechanism of "Consciousness". Two of my books, "*Beyond UFOs*" and "*The Mind of GOD*", have greatly expanded on this initial hypothesis of Dr. Vallee. Dr. Vallee stated in an interview with Dr. Jeffrey Mishlove the following:

"My personal contention is that the [UFO] phenomenon is the result of an intelligence, that is technologically directed by an intelligence, and that this intelligence is capable of manipulating space and time in ways that we don't understand... The essential conclusion I'm tending to is that the origin of the phenomenon of the intelligence is not necessarily extraterrestrial... I think we are dealing with something that is both technological and psychic, and seems to be able to manipulate other dimensions. This is neither wishful thinking nor personal speculation on my part. It's a conclusion that comes from interviewing critical witnesses, and then listening to what they have to say."¹⁹

Dr. Vallee is stating a CAP-UFO hypothesis that mirrors both the model previously stated by Dr. Hynek and what I have presented in my two recent books -- a model that the CAP-UFO phenomenon is a multi-dimensional consciousness-based phenomenon. Dr. Vallee is stating a CAP-UFO hypothesis that mirrors both the model previously stated by Dr. Hynek and what I have presented in my two recent books -- a model that the CAP-UFO phenomenon is a multi-dimensional consciousness-based phenomenon. The difference between the positions of Dr. Valle and myself is that I am presenting the CAP-UFO phenomenon as a phenomenon integrated with all of the other Contact Modalities under the rubric of Consciousness, our multidimensional Greater Reality. I also differentiate from Dr. Vallee because I incorporate a spiritual component within a Universal Mind of GOD, a model revealed by the research on the Near-Death Experience phenomenon. Thus, while we share some similarities, our hypotheses on the CAP-UFO Contact Phenomenon are very different. I also contend that all of the Contact Modalities, including CAP-UFOs, need to be researched and viewed as ONE integrated phenomenon under Consciousness because all of the Contact Modalities, including the phenomenon of CAP-UFOs, involve a manipulation of space and time.

Needless to say, Dr. Vallee was ostracized by mainstream Ufology, especially the Alien Abduction researchers, who still cling to their nuts and bolt materialist approach. Vallee did not believe in a physical ET being and certainly did not believe that these perceived physical beings came to visit us from a physical planet in our physical universe. Even though Vallee is the most well-known and respected Ufologist of his time, and one of the few Ph.D. trained scientists in the field of Ufology, he had decided to speak at only a few recent UFO conferences over the last 20 years. Dr. Vallee chose to ostracize himself from the many Ufology conferences circulating around the world and the field of Ufology. He rarely discusses his Psyche Non-ET hypothesis.

Ufology today still remains a field with almost zero academic research and zero academic credibility. Ph.D. academics, certainly not the Ph.D. academics associated from CCRI, will not associate with Ufology organizations. Mainstream materialist Ufology organizations still have not embraced the controversial non-materialist theories of Dr. Hynek and Dr. Vallee, the two pillars of Ufology.

Dr. Jacques Vallee's classic book, "***Passport to Magonia: On UFOs, Folklore, and Parallel Worlds***", first published in 1969, became a highly controversial book because it completely broke with the theories of materialist Ufology.²⁰ One of Vallée's major accomplishments in this classic book is that he thoroughly documented hundreds of events in human history that detailed contact with gods, angels, demons, fairies, dwarfs, giants, monsters, and numerous other types of diverse physical beings. Vallee argues that these experiences were very similar to the modern CAP-UFO descriptions. He then speculated that all of these experiences appear to be manifestations deriving from a common origin-- a consciousness-based psyche origin.

It was in this book where Vallee first speculated that ***the CAP-UFO phenomenon demonstrated both a physical and a psyche, consciousness-based component.*** It was with the publication of this book that Vallee became a heretic among heretics and he was soon ostracized from materialist Ufology. Why? Because in 1969 the field of Ufology was comprised of materialists and this remains to this day. Dr. Vallée's approach was not a traditional Ufology materialist approach but a much more complicated one involving a consciousness-based approach involving both materialist and psyche (Consciousness) based components.

²⁰Vallee, J. (1969). *Passport to Magonia: On UFOs, Folklore, and Parallel Worlds*. Contemporary Books.

My research and publications in the field of Ufology and Consciousness Studies can also be considered as the writings of a heretic among heretics. First, the research arena that merges the topics of Consciousness Studies and the Contact Modalities is comprised of a small niche of researchers. Also, my writings have been rejected by the materialist Ufologists because of my Consciousness-based approach of Ufology. I have been ostracized by those in charge of UFO conferences and UFO radio shows because I am not a materialist and I hold the view that “Consciousness is Fundamental”.

Even though I was one of the academics responsible for the only academic statistical research study on UFO Contact Experiencers, I have not been invited to speak at any of the major UFO conferences or well-known radio shows except for George Knapp, the host of Coast to Coast radio who invited me to his show one time. By the way, Mr. Knapp also shares the hypotheses of CCRI which is that 1) Consciousness is Fundamental and 2) that all of the Paranormal (Contact Modalities) might be ONE integrated phenomenon under Consciousness; and finally; 3) that “little green” are not visiting us from a physical planet to promote the alien hybridization of humanity. I conducted a lengthy interview of Mr. Knapp at the home of Dr. John Alexander in Los Vegas a few years ago which will be revealed in my upcoming documentary titled “*A Greater Reality: One Man’s Journey of Discovery*”.²¹

In addition, most of the researchers that study the Contact Modalities still believe that they are all separate and distinct phenomenon. In contrast to this, I have argued that not only the phenomenon of Ufology, but all of the Contact Modalities, is ONE integrated phenomenon under Consciousness (Our Greater Reality). I am also one of the few Consciousness researchers, together with the

²¹The documentary, titled “*A Greater Reality: One Man’s Journey of Discovery*”, co-produced with Kevin Layne and Helene Layne, is expected to be released in 2025. A draft trailer of this documentary can be viewed at the bottom of the CCRI website, <https://agreaterreality.com>

majority of the academics and MDs in the CCRI organization, that argues that Consciousness is Fundamental and not our material reality.

As one can see, I am also a heretic among heretics. My worldview, my new paradigm of reality, has to wait for later generations to shatter the previous old paradigm. At this time, very few are able to digest the hypotheses of my books. This will be left for future generations.

Dr. Vallee, in many of his books, stated that UFO “crafts” and UFO “beings”, could possibly be holographic projections and might not be “physical”. As I stated in my book, “*The Mind of GOD*”, I also share this hypothesis and I amplified on this view with numerous detailed examples in my new book on my personal experiences titled “*A Greater Reality: One Man’s Journey of Discovery*”. In this book, I discussed in detail how I learned that the UFO and the UFO related beings are actually “*Holographic Projections*”.

In his book “*Passport to Magonia*”, Vallee introduced this concept which was later discussed in almost all of his later books-- that UFO crafts and UFO beings might be “**Holograms**”. Vallee states:

“If it were possible to make three-dimensional holograms with mass, and to project them through time I would say this is what the farmer saw... Are we dealing... with a parallel universe, where there are human races living, and where we may go at our expense, never to return to the present?... From that mysterious universe, have objects that can materialize and “dematerialize” at will been projected? Are UFO’s “windows” rather than “objects”?”²² (Vallee, J. 1969)

²²Vallee, J. (1969). *Passport to Magonia: On UFOs, Folklore, and Parallel Worlds*. Contemporary Books.

In addition, regarding the hypothesis that both the thousands of diverse forms of CAP-UFOs and the thousands of diverse forms of Non-Human Intelligence seen by humanity might be “**Holographic Projections**”, please read the article by medical doctor, Dr. Joseph Burkes, in Volume 3 of the “**A Greater Reality**” book series, titled “**Report from the Contact Underground: Human Initiated Contact, The Consciousness Connection, Holographic Projections & the Virtual Experience Model**”. I also share this view that the CAP-UFOs and the Non-Human Intelligence seen by Experiencers are also “Holographic Projections”. My book, **The Mind of GOD**, presents numerous reasons for the “Holographic Projection” argument.

My writings, in addition to the Ufology works of Dr. Jacques Vallee, Dr. John Mack, Dr. Jon Klimo, Dr. Edgar Mitchell, Dr. Rudy Schild, Dr. Claude Swanson, Mary Rodwell, John Keel, Raymond Fowler, and many others, argue that the materialist approach to Ufology has contributed very little since Kenneth Arnold described seeing a “Flying Saucer” in 1947. What has this materialist approach contributed to our knowledge about CAP-UFOs? My answer is **ALMOST NOTHING!** We know that CAP-UFOs exist, that is about it. We have seen pictures and videos of CAP-UFOs, none of them up close. We know that they move very fast and that they have materialized on radar and then quickly dematerialized from the radar screen. We know that they change their appearance right in front of your eyes. We know that while a large group of individuals are looking up, only a select few are “allowed” to see the CAP-UFO. Allegedly, Ufologists have recovered metal from crashed physical UFOs but there is not one shred of documented evidence to support this statement. So, what are we left with? Almost nothing! If you truly want “**UFO DISCLOSURE**”, why are you waiting for the US Federal government to release additional videos and photos? Instead, I recommend that you read our books “**Beyond UFO’s**” and Volumes 3-6 of the “**A Greater Reality**” book series where you will read “**DISCLOSURE**” from thousands of UFO Contact Experiencers.

If you want to understand the CAP-UFO phenomenon, you need to understand the CAP-UFO Contact Experiencer and not rely on a materialist Ufologist who clings to their collection of long-distanced UFO videos, photos and who promote a biased use of hypnotic regression.²³ The approach of the older Dr. Hynek, Dr. Vallee and the FREE Foundation research team was to focus on the Experiencer, the witness to the CAP-UFO phenomenon and not to use hypnotic regression as data in interviewing the CAP-UFO witness. It was this approach, of detailed investigations of UFO Contact Experiencers that led them to hypothesize the consciousness-based and not the materialist approach, to Ufology.

Unfortunately, only a few of the major materialist Ufologists have even bothered to read the data findings from the Dr. Edgar Mitchell FREE Foundation 5-year academic research study on CAP-UFO Contact Experiencers-- data that contradicts the more than 80-year history of materialist Ufology. For this reason, the majority in the field of Ufology remain clueless about the complex nature of this phenomenon and will remain clueless for the foreseeable future. How ironic that one of the very few academic research studies on the CAP-UFO contact phenomenon has been totally ignored and criticized by most of these well-known materialist Ufologists.

Richard Dolan, for example, in his radio show has publicly stated that the Dr. Edgar Mitchell FREE Foundation UFO Experiencer Research study is “*not scientific*” and called our work “*woo-woo science*”, when in fact the FREE Foundation had over 8 Ph.D. academics and scientists (we had 3 Ph.D. physicists, a Ph.D. Neuroscientist and several other Ph.D. scientists and medical doctors in the FREE Foundation). Dr. Jon Klimo, who taught “Statistical Research Methodology” to Ph.D. students for over 40 years, was the chair of the FREE Research Committee and was the lead academic in our

²³ Hypnotic Regression can be a useful tool in the hands of an unbiased professional.

development of the 3 FREE surveys and our research methodology. Unlike the FREE Foundation, the CCRI organization has many more Ph.D. academics, scientists and medical doctors, totaling more than 25 individuals, as can be viewed in our website (<https://agreaterreality.com/>).

Yet how many materialist Ufology researchers are academic Ph.D. scientists? Almost none! I can count them with one hand. I should remind everyone that neither Dolan, nor Hopkins is a Ph.D. and they are not scientists or academics. Jacobs is a Ph.D. historian but unlike the academics of FREE or CCRI, he is not a scientist. Thus, whose work is considered “woo-woo” science? Is it the work of FREE’s or CCRI’s Ph.D. Physicists, Ph.D. Astrophysicists, Ph.D. Neuroscientists, Ph.D. Biochemists, and Medical Doctors? Should their work be considered “woo-woo” science? Or is the hypnotic regression work of Hopkins, Jacobs, and their supporter, Richard Dolan, considered woo-woo science? One uses laboratories, scientific instruments and statistical analysis to gather data while the other group uses a living room couch and the tool of “hypnotic regression” with leading questions to acquire data. Yet Dolan has stated that Jacobs “**is remarkably careful, and yes, scientific in his approach.**” You be the judge.

The materialists within Ufology have avoided stories from Experiencers that have had contact with Non-Human Intelligence. Raymond Fowler has researched the UFO phenomenon since 1963 and was involved with all of the major UFO organizations over the last 50 years. In Fowler’s article in Volume 4 of *A Greater Reality*, he informed us that almost all of the early research in Ufology during the 1950s, 1960s, and 1970s would dismiss all cases involving UFO Contact cases which also involved the “paranormal”.²⁴

²⁴ Raymond Fowler. “*Coming of Age as a Ufologist: The Relationship Between Ufology & the Paranormal Contact Modalities (NDEs, OBEs, PSI, Ghosts, etc.)*” in *A Greater Reality*, Volume 4.

The materialist approach to Ufology seeks to explain a CAP-UFO as simply a physical ET “Alien” being who is visiting us, usually for less than one minute, from a physical planet. Nevertheless, this materialist approach cannot explain many facts: this approach cannot explain the tens of thousands of different types of CAP-UFO-related physical beings that usually appear for less than 30 seconds; this approach cannot explain the tens of thousands of different physical UFOs seen by individuals; it cannot explain the numerous and diverse paranormal experiences associated with CAP-UFO contact phenomenon; it cannot explain, as both Dr. J. Allen Hynek and Dr. Jacques Vallee have shown, that CAP-UFOs have the ability to “manipulate spacetime”; this approach cannot explain the fact that 50% of UFO Contact Experiencers have had a miraculous medial healing; it cannot explain that 50% of the Contact Experiencers have been brought to multi-dimensional realities where the majority have received spiritual teachings; it cannot explain that over 85% of these Contact Experiencers have had their worldviews shattered in a positive way and are making positive changes in their lives. This is just a small sample of facts, out of thousands of facts, that materialist Ufology is not able to explain away. It is only recently that many Experiencers are becoming aware that there are thousands perhaps millions of individuals around the world that are having similar experiences. Some of these “Experiencer stories” are presented in Volumes 3-6, the Experiencer chapters, of *A Greater Reality* book series.

A few of the materialists within Ufology are slowly accepting the CAP-UFO Experiencer contact phenomenon but very few are accepting the consciousness-based explanation of the phenomenon. At best, they are arguing that the tens of thousands of different physical beings encountered in the CAP-UFO phenomena are actually tens of thousands of different physical beings coming from tens of thousands of physical planets. In contrast to the materialist approach, the “New Age” metaphysical approach to Ufology is that these physical beings are coming from every constellation known to humanity-- they are coming

from the Pleiadeans, Sirius, Arcturus, Andromeda, Orion, etc., and many even argue that they come from planets in our solar system-- this is Venusian, this is a Martian, etc. Are there really tens of thousands of different physical beings, arriving from tens of thousands of different planets, interacting with selected individuals, usually for only less than one minute? Or is the explanation more complicated than this simplistic argument?

Both Dr. Vallee, Dr. J. Allen Hynek, Dr. Edgar Mitchell, Dr. Rudy Schild, Dr. John Mack and the many authors of the FREE Foundation, and now the CCRI organization, and the many books that I have published, disagree with the views of materialist Ufology, in particular the view of David Jacobs, Budd Hopkins and Richard Dolan. If anyone wants to truly begin to understand the CAP-UFO Contact Phenomenon, there is only one game in town-- there is only one comprehensive, academic, statistical research study, administered in multiple languages, on a worldwide basis, prepared and supervised by a team of Ph.D. academics and experienced researchers in the UFO contact arena, and that is the work of the Dr. Edgar Mitchell FREE Foundation UFO Experiencer Research Study, as published in our 820-page book, *Beyond UFOs: The Science of Consciousness and Contact with Non-Human Intelligence*.²⁵ In addition, Volume 2 of the *A Greater Reality* book series also contains 11 chapters that discuss the consciousness-based aspects of the UFO contact phenomenon. Once again, I want to reiterate that all of these 11 UFO chapters in Volume 2 are available for FREE as downloadable PDF files at the CCRI website, (<https://agreaterreality.com/>).

²⁵Hernandez, R., R. Schild & J. Klimo, eds. (2018). *Beyond UFOs: The Science of Consciousness and Contact with Non-Human Intelligence*. CreateSpace Independent Publishing (Amazon Press).

In conclusion, if you continue to rely on the “Alien Abduction” research of biased individuals such as David Jacobs, Budd Hopkins, and Richard Dolan, you will remain clueless as to the complexities of the CAP-UFO contact phenomenon. I emphasize that Richard Dolan stated that David Jacobs is “*unquestionably the world’s leading researcher in the generally neglected field of alien abduction*” and that “*David is remarkably careful, and yes, scientific in his approach.*” Yet, David Jacobs has repeatedly stated that he has NEVER met a UFO Contact Experiencer who view their experiences as positive. For Jacobs, all UFO Contact are negative and evil.

It should be emphasized that Richard Dolan is not a Ph.D., he is not a scientist, he is not an academic, and he has not done any academic statistical research on the UFO Contact Phenomenon. He considers the methodology of David Jacobs, which is to preselect biased individuals to “hypnotically regress” this person in his living room couch as “*scientific*”. The Ph.D. academics in the FREE Foundation and the CCRI organization disagree.

Once again, the FREE Foundation and the CCRI organization, comprised of Ph.D. academics and scientists, do not view the biased selection by Hopkins and Jacobs, of less than 100 individuals who they have hypnotically regressed over the last 30-40 years, as “scientific”. Compare their sample of 100 preselected individuals that they have hypnotically regressed with many leading questions, over 40 years with the sample of 4,350 individuals from more than 125 countries from our FREE academic research study. These 4,350 survey respondents were also not “pre-selected”-- they were volunteers who chose to answer our surveys based upon the fact that they had seen a UFO and had some form of “Contact” with a Non-Human Intelligence. These surveys were also developed and the data collection was supervised by numerous Ph.D. academic professors.

**Thus, which approach is “scientific” and
which one is “woo woo” science?**

I encourage every one to download the free PDF copy of our 820-page academic book, “*Beyond UFOs*” if you want to get educated about the academic research data on the UFO Contact Phenomenon. You can download “*Beyond UFOs*” for free as a PDF file at the CCRI website: <https://agreaterreality.com/>

You can also download free PDF copies of all of my books from the CCRI website. Volumes 1 and 2 of our “*A Greater Reality*” book series are theoretical chapters on the relationship between Consciousness and the Contact Modalities, written by Ph.D. academics and Medical Doctors. Volumes 3 - 6 contain chapters written by major experiencers of the Contact Modalities who discuss the history of their personal contact experiences via the Contact Modalities. Each of these 6 volumes are approximately 800 pages each.
