The following is a quick summary of a fraction of the data findings from this historic 5-year academic research study of UFO Contact Experiencers published in our 820-page book “*Beyond UFOs: The Science of Consciousness and Contact with Non-Human Intelligence*”. To review the actual data findings, presented via bar graphs and pie charts, please review Chapters 1 and 2 in our book, available as a downloadable PDF file from the CCRI website at: **AGreaterReality.Com**.

Chapter One of our book was an analysis of the data findings from Survey #1 and Survey #2, our qualitative research instruments, which were comprised of 700 quantitative questions. Harvard Professor Dr. Rudy Schild and Reinerio (Rey) Hernandez were the authors for Chapter One of “*Beyond UFOs*”. Chapter Two of our book was comprised of any analysis of our Survey #3, which was comprised of 70 qualitative open-ended questions. Dr. John Klimo, a Ph.D. graduate from Brown University, who taught Qualitative Survey Methodology to Ph.D. graduate students, wrote the analysis for Chapter Two. We received over 10,000 pages of responses to the 70 open-ended questions in our Survey. We received responses from 4,350 UFO Contact Experiencers from 125 countries for our 3 surveys in the English language. We also

conducted our surveys in other languages but this analysis will only discuss the findings from our English language survey.

The following is a brief summary of our research findings:

1. **UFO contact is overwhelmingly a positive experience:**

Even though 37% of the 4,350 individuals who took our English language surveys initially viewed their experiences as negative, eventually, over their lifetime, the overwhelming number of CAP-UFO Experiencers concluded that their contact experiences were mainly positive, between 85-95% depending on the question asked. **We asked over 25 questions to determine if their experiences were Positive, Negative, or Neutral and we asked this question in many ways.**

Why? -- because depending how you phrase a question you will receive a different response. Only 5% responded that their experiences were negative. For our Spanish language surveys, the percentage that viewed their experience as negative was less than 1%. Below is a summary of some these 25 questions:

The overwhelming number of materialist Ufology researchers believe that ALL “UFO Contact” results in an Abduction and that ALL of these experiences are “Negative”. This is FALSE! Abductees (individuals that have been involuntarily brought to another location) only accounted for one-third of the Experiencers. Of these 33%, the vast majority had OBE and Astral Travel Experiences. Two-thirds of Experiencers have seen a CAP/UFO, have had contact with Non-Human Intelligence, but have never had an abduction. Materialist Ufology is missing more than 2/3rds of all Contact Experiencers.

Thus, the vast majority of “Contact” does not involve an “Abduction”. We also discovered that what occurs in an “Abduction” is very different than what is reported by the “abduction researchers” in the field of materialist Ufology. If you want to learn more about the “abduction phenomenon” read Volume 3-6 of the “*A Greater Reality*” book series. I also highly encourage you to read the article written by UFO pioneer researcher, Raymond Fowler, in Volume 4 of our *A Greater Reality* book series. Raymond investigated hundreds of UFO abduction cases for over 50 years and his perspective is the complete opposite of the views of Hopkins, Jacobs and Dolan.

Of the one-third that have described having had an abduction (individuals that have been involuntarily brought to another location), the majority of these individuals were actually brought to other “multidimensional matrix realities” by Non-Human Intelligence where the majority received some form of spiritual message. The percent that actually had a stereotypical abduction experience (taken by little grey beings and being examined by them in a flat table, etc., as presented by Jacobs, Hopkins, Dolan, and the other “Alien Abduction” Researchers was 15%, or approximately one half of those that claimed to have had an abduction experience. (I encourage everyone to read the chapter in this book by Carol Rainey, the ex-wife of “abduction researcher” Budd Hopkins, to learn more about how the “abduction phenomena” was co-created by Budd Hopkins and his friend David Jacobs. Her article is titled “*Priests of High Strangeness: Co-Creation of the Alien Abduction Phenomenon*”)

Of the 1/3<sup>rd</sup> who stated they had an “Abduction”, more than 70% of these individuals now call themselves Contactees and NOT Abductees. Initially, 37% of all UFO Contact Experiences (Abductees and Non-Abductees) viewed their experiences as negative because of the ontological shock of the experience. The majority of these individuals continued to have contact experiences with various forms of Non-Human Intelligence. Over time, these experiences became increasingly more positive than the earlier experiences. In their later contact experiences, 85-95%, depending on the question asked, viewed their experiences as positive, even the vast majority that initially had an abduction type of experience. The vast majority of Contact Experiencers, both Abductees and Non-Abductees have had many diverse contact experiences. 40% have had more than 20 contact experiences. Another 20% have had between 10-20 contact experiences.

We discovered that the more experiences you have had, your perception of your experiences becomes more positive. Thus, when you start your experiences, 37% view them as negative but over time, only 5% view them as negative. It is individuals that have had only 1 or 2 abduction type of experiences are the ones with the most negative responses. These individuals remained traumatized and continue to view their experiences as mainly negative throughout their lives (approximately 5% of all Contact Experiencers, depending on the question asked). As previously stated, 70% of those who claim to have had an “Abduction” experience do not call themselves “Abductees” but instead they now call themselves “CONTACTEES”.

Almost 50% of all participants stated that they “were brought to a "Matrix Type" of reality and received information” (Like Jodie Foster's “**Contact**” Movie). This was more than double the number of

those that have had a typical “alien abduction” scenario. These experiences were overwhelmingly positive.

The overwhelming number of contact experiences with a Non-Human Intelligence lasted less than one minute, usually less than 30 seconds.

Individuals have seen thousands of different types of Non-Human Intelligence “beings” even though we only categorized 12 different types in our quantitative surveys. Our qualitative survey, consisting of 70 Open-Ended questions, discussed contact with thousands of different types of physical and non-physical beings. As of May 2018, the date that we closed our surveys, the most common type was the **Energy Being**, seen by 56% of all Experiencers and only 7% viewed this being as “Negative”. The **Human Looking Being** was seen by 50.1% and only 5% viewed them as “Negative”. The **Small Grays** were the third most seen being at 49.4% and only 10.5% viewed them as “Negative”. All of these physical beings came in all sizes, physical colors and appearance, while some had hundreds of different types of clothes, hats, etc. For example, the Grays were seen in numerous different sizes, colors, clothing, physical appearances. The Human Looking Beings were also observed in numerous different sizes, colors, clothing, physical appearances. Some were Asian looking, some had African features, some were 15 feet tall and some were 2 feet tall, some had blonde hair and blue eyes and other had a vast array of hair and eye color, some were even bald. Some wore suits, some wore tuxedos, and they were observed wearing all types of hats, including baseball hats from the New York Yankees. In addition, these individuals described

thousands of different types of “Humanoid Beings”. Another researcher, Albert J Rosales, has published 16 books on experiences with tens of thousands of different types of Humanoids.

Academic Professor Dr. Jon Klimo wrote Chapter 2 for Beyond UFOs, which was an analysis of the responses to our 70 open ended questions. We received more than 10,000 pages to these 70 open ended questions. What Dr. Klimo discovered was that the UFO Contact Experiencer had experiences with thousands of different types of perceived physical “beings”. This leads to the question: **Are these tens of thousands of diverse physical beings coming to visit us, usually for less than 30 seconds, from tens of thousands of different physical planets?** Or is the answer a bit more complicated than merely a physical being visiting us from a physical planet? Are these thousands of different physical beings coming to visit us from different physical planet? Are they multi-dimensional beings from another reality? Are they holographic projections or cloaked mental images projected to our Consciousness? Are there other possible explanations? At this point, many of the academic researchers of the FREE Foundation share the hypotheses that these perceived “physical beings” might be projected mental images into our individuated units of consciousness, but no one can be certain. This hypothesis was also presented by many major Ufologists, such as Dr. Jacque Vallee, Dr. J. Allen Hynek (in his later years), Dr. Edgar Mitchell, Dr. John Mack (Professor of Psychiatry at the Harvard School of Medicine), Dr. Rudy Schild (Astrophysicist at Harvard University), Dr. John Klimo (Professor of Psychology),

Dr. Kenneth Ring (Emeritus Professor of Psychology at the University of Connecticut) and CAP-UFO Researchers such as Reinerio (Rey) Hernandez, Raymond Fowler, John Keele, Brad Steiger and many others.

2. **UFO contact is overwhelmingly a “Paranormal” and not primarily a Physical Phenomenon.**

While all of the Experiencers of our survey have both seen UFOs and have had various types of Contact with Non-Human Intelligence, including a physical entity, we found that the Contact Experience is overwhelmingly NOT a Physical/Material Phenomena-- instead, it is primarily a Paranormal/Psychic Phenomena.

Dr. Jacque Vallee, Dr. Allan Hynek, Dr. John Mack, Dr. Edgar Mitchell, and many others hypothesized this more than 40 years ago. Unlike previous research from Vallee, Hynek, Mack, or Mitchell, FREE has actually confirmed this hypothesis with academically derived data.

For example, for all that took our surveys, 95% have had Paranormal experiences in their home, 80% have had an OBE, 67% have received telepathic communications, 50% have received a medical healing by non-human intelligence, 37% have had an NDE, 60% have physically seen Orbs, almost 50% have been brought to a Matrix Reality, etc. We asked almost 100 paranormal related questions and these individuals have had almost every paranormal experience known to humanity. Chapter One of our book “*Beyond UFOs*” provides many more details and explanations for this finding.

### **3. The Contact Experience is an overwhelmingly Positive Transformative Experience.**

For the vast majority, you start as a caterpillar and finish as a butterfly, even though a very small percentage are still traumatized by the experience. Approximately 85% of the FREE survey participants, more than 4,350 individuals from over 125 countries, have changed in the following ways, they became: more loving to other humans, more ecological, less materialistic, more spiritual, no longer feared death, know the purpose of their life, are more consciously aware, less religious, etc. We asked more than 70 different questions regarding the question of how they changed their worldview. Chapter One of our book provides many more details and explanations for this finding.

### **4. The UFO Contact Experience involves a manipulation of Space-Time and this in turn leads one to hypothesize that the CAP-UFO Non-Human Intelligence might be multidimensional in nature**

This hypothesis was presented by various researchers, which include the following: more than 40 years ago by Dr. Jacques Vallee (Astronomer, Co-Inventor of the Internet and legendary Ufologist), Dr. J. Allen Hynek (Astrophysicist at Northeastern University), Dr. John Mack (Harvard Medical School Professor of Psychiatry), Apollo 14 astronaut Dr. Edgar Mitchell (MIT trained aeronautical engineer and physicist), Dr. Rudy Schild (Harvard Astrophysicist for 45 years), and Dr. Claude Swanson (Ph.D. in Physics from Princeton University), and many others. This, in turn, presents the hypothesis that this Non-Human Intelligence might be multidimensional in nature. In other words, the UFO Non-Human Intelligence might be consciousness-based and might be "embedded" in the very fabric of our reality.

Volume 2 of CCRIs book, *A Greater Reality*, contains 11 chapters that begin to discuss some possible theories on the relationship between CAP-UFO-related Non-Human Intelligence, the manipulation of Space-Time, and the cosmology of our Greater Reality.
