Jeffrey Long, M.D.

Author of the New York Times best-selling “*Evidence of the Afterlife: The Science of Near-Death Experiences*” and “*God and the Afterlife: The Groundbreaking New Evidence for God and Near-Death Experience*”.

<https://www.nderf.org/>

The six-volume book series, each 800 pages in length, titled “*A Greater Reality: The New Paradigm of Nonlocal Consciousness, the Paranormal & the Contact Modalities*”, edited by my friend, Reinerio (Rey) Hernandez and his distinguished co-authors, is a groundbreaking work that reshapes our understanding of consciousness and the nature of reality. These books are establishing a new paradigm of viewing the nature of our reality. The first two volumes are theoretical volumes that delve deeply into the theoretical underpinnings of consciousness as the fundamental source of existence, expertly connecting it to various paranormal “**Contact Modalities**”, a term that Rey has coined.

By demonstrating that these seemingly separate phenomena-- like Near Death Experiences, UFO encounters, Out of Body Experiences, seeing and communicating with the deceased, Remote Viewing, various PSI phenomena, Hallucinogenic Journeys, etc., are actually interconnected facets of one consciousness-based reality, these volumes challenge conventional materialist views and introduce a cohesive, consciousness-centered model of the universe. The third, fourth, fifth and sixth volumes are a captivating collection of firsthand accounts from major experiencers of these Contact Modalities, giving readers an intimate and transformative look into encounters with Non-Human Intelligence across multiple dimensions.

Finally, Rey’s book discussing his personal experiences, “*A Greater Reality: One Man’s Journey of Discovery*”, offers an illuminating, profound journey that is essential reading for anyone interested in the deeper mysteries of consciousness and our place in the cosmos. His journey and transformation are similar to the NDE journey and spiritual transformation that I have encountered in my 30 plus years of NDE research. All of Rey’s books in the *A Greater Reality* book series are scholarly, yet a joy to read. They are all essential reading and highly recommended.

Rey Hernandez is a man on a quest and on a mission. By the grace of the absolute, his life has been transformed in miraculous and synchronistic ways. He has been shown, via a wide variety of experiences, that the wide variety of paranormal experiences (what Rey has coined “**The Contact Modalities**”), reported by thousands, if not millions, of people around the world, have a single source. That source is pure consciousness itself, mind-at-large (as some would put it), or in Rey’s own language, the “*Mind of God*”. Of course, such experiences and visions are not uncommon. But what is truly rare, is Rey’s determination to collect data and reports from thousands of experiencers and dozens of academic researchers investigating their claims. This he has achieved with ceaseless energy. This six-volume book series, 800 pages for each volume, titled “*A Greater Reality: The New Paradigm of Nonlocal Consciousness, the Paranormal & the Contact Modalities*”, is a gift from the realm of spirit to the entire world and help to establish a “new paradigm” connecting consciousness to the paranormal Contact Modalities. These books are truly historic and an invaluable resource by arguing that all of the paranormal phenomena are actually one integrated phenomenon under consciousness.

Volumes 1 and 2 are academic books, with chapters written by many PhD academics and MDs, many who are my personal friends, is a valuable resource for academic research on the topic of the paranormal Contact Modalities and consciousness. Volumes 3-6 are a collection of articles written by major Experiencers of the Contact Modalities. These experiencer written chapters demonstrate the interconnectedness between the paranormal Contact Modalities and consciousness. Most of these individuals have had experiences with 3 or more different Contact Modalities, once again demonstrating that the paranormal phenomena are not separate and distinct from each other but instead are ONE interrelated phenomenon under consciousness.

Finally, Rey's well documented academic book detailing his personal experiences, "*A Greater Reality: One Man's Journey of Discovery*", provides additional supporting documentation that the "paranormal" involves a multidimensional consciousness-based phenomenon involving a manipulation of spacetime. These collections of books are one of the most important resources that detail the relationship between consciousness and the paranormal. They are an invaluable resource for any consciousness scholar and a must read!

The six-volume book series, "*A Greater Reality: The New Paradigm of Nonlocal Consciousness, the Paranormal & the Contact Modalities*", edited by Reinerio (Rey) Hernandez and his distinguished team of co-authors, represents a ground-breaking body of work that fundamentally challenges and reshapes our understanding of consciousness and the nature of reality itself. In the first two volumes, the authors dive deeply into the theoretical foundations of consciousness as the primary, underlying source of all existence. They skillfully explore its connections to various phenomena traditionally classified as "paranormal", what Rey has coined "**The Contact Modalities**". These include Near-Death Experiences, UFO encounters, Out of Body Experiences, communication with the deceased, Remote Viewing, various PSI phenomena, and Hallucinogenic Journeys, among others. Rey and the other authors propose that these seemingly disparate experiences are not isolated or mysterious events, but rather interconnected aspects of one universal, consciousness-based reality. In doing so, they challenge entrenched materialist perspectives and offer a cohesive, consciousness-centered model of the universe that transcends conventional scientific paradigms.

The series' third, fourth, fifth, and sixth volumes take a dramatic turn, presenting a rich collection of first-hand accounts from individuals who have had direct encounters with Non-Human Intelligence across multiple dimensions. These personal stories, drawn from major experiencers of these Contact Modalities, offer readers a profoundly transformative window into the nature of these otherworldly interactions, deepening our understanding of how consciousness operates beyond the physical world. Together, these volumes offer not only a scholarly

investigation of these extraordinary phenomena but also a deeply personal and thought-provoking exploration of human consciousness in its most expansive form.

Rey has also completed a book about his personal experiences via the Contact Modalities titled "*A Greater Reality: One Man's Journey of Discovery*". This book presents Rey's personal "paranormal" experiences in a scholarly manner. He dissects the details of each of his paranormal experiences and provides an academic, yet easily understood hypothesis to explain his many experiences that is both innovative and pedagogical.

In summary, the *A Greater Reality* book series is a must-read for anyone seeking a more profound understanding of the mysteries of contact with non-human intelligence, consciousness, our place in the cosmos, and the nature of reality itself. Both intellectually stimulating and deeply engaging, these books are highly recommended for anyone eager to explore the deeper dimensions of human experience.

John B. Alexander, Ph.D.

Former U.S. Army colonel, Los Alamos National Laboratory (retired). Author of "*Reality Denied: Firsthand Experiences with Things that Can't Happen - But Did*" and "*UFOs: Myths, Conspiracies, and Realities*"

A Greater Reality: The New Paradigm of Nonlocal Consciousness, the Paranormal and the Contact Modalities, edited by Reinerio (Rey) Hernandez and a team of distinguished academic professors, is an extraordinary compilation of materials that span the breadth of anomalous phenomena. Rey was the first researcher to name this cross correlation of paranormal experiences as the "*Contact Modalities*" -- as one integrated phenomenon under consciousness where consciousness is fundamental and not our perceived physical reality. All of the editors and academics associated with this book series also argue that all of the Contact Modalities should be viewed as one integrated phenomenon under consciousness.

Rey was the first academic researcher to actually collect data demonstrating the cross correlations between what were commonly believed to be unique fields of inquiry. While the concept of the Contact Modalities as one integrated phenomenon under consciousness had been postulated by some of us, Rey was the first to engage thousands of people to evaluate their personal experiences and compare them with those with similar experiences via the Contact Modalities. A massive undertaking, the results were published in Rey's first pioneering academic book titled *Beyond UFOs: The Science of Consciousness and Contact with Non-Human Intelligence*.

Moving beyond his personal research, Rey was instrumental and successful in bringing together a who's who of the serious scientific Ph.D. academic and MD researchers in the fields of anomalous phenomena and consciousness studies and formed the CCRI, or **Consciousness and Contact Research Institute**. The result was a six volume book series, each over 800 pages in length, titled "*A Greater Reality: The Science of Nonlocal Consciousness, the Paranormal & the Contact Modalities*".

The introductory book to this six-volume book series is titled *The Mind of GOD: A Virtual-Spiritual Reality Model of Consciousness and the Contact Modalities*. There is no better place for anyone interested in these topics to survey the topics and be pointed to areas for further exploration and study. While consciousness is considered a quintessential "*Hard Problem*," and quantum physics a keystone to our understanding of the nature of the universe, these volumes provide a substantial foundation to the explorer at any stage of development. All is interconnected, and consider that if you are thinking globally, you are thinking too small.

Whitley Strieber

Author of “*Communion*”, “*The Afterlife Revolution*”, “*The Super Natural: Why the Unexplained Is Real*”. www.unknowncountry.com

A Greater Reality: One Man’s Journey of Discovery, is a rich exploration of the truly extraordinary life of one of the legendary figures in UFOlogy, Reinerio (Rey) Hernandez. It takes the reader on a riveting journey down some pathways that even very few close encounter witnesses have ever dared to tread.

Rey was the first researcher to academically research the relationship between Consciousness and not only UFOs but all of the paranormal. He assembled a large team of Ph.D. academics and UFO contact researchers to undertake a comprehensive worldwide academic statistical research study of UFO contact experiencers whose data was published in his historic book titled “*Beyond UFOs: The Science of Consciousness and Contact with Non-Human Intelligence*”. Much of this data contradicts much of what is currently circulating in materialist UFOlogy.

The *Beyond UFOs* research study clearly demonstrated that the UFO contact phenomenon was much more complicated than what the field of materialist UFOlogy is presenting. The study demonstrated that UFO contact was both a physical and a “paranormal” phenomenon. His new 6 volume book series, “*A Greater Realty: The Science of Nonlocal Consciousness, the Paranormal & the Contact Modalities*”, is a historic book which argues that not only UFOs, but all of the paranormal, what Rey termed the **Contact Modalities**, needs to be viewed as ONE interrelated phenomenon under Consciousness. All of Rey’s books are academic, easy to read, yet mind-opening and fascinating reading! They are a historic treasure that will certainly be appreciated for generations to come.

Grant Cameron – UFO and Paranormal Researcher

Author of “*Beyond Magic*”, “*Tuned-In: The Paranormal World of Music*”, “*Contact Modalities: The Keys to the Universe*”.

A Greater Reality: The New Paradigm of Nonlocal Consciousness, the Paranormal & the Contact Modalities, edited by Reinerio (Rey) Hernandez and other distinguished academics, is a six-volume book series that is required reading for anyone researching the relationship between UFOs, consciousness and the other paranormal “**Contact Modalities**”, a term that Rey coined in 2013. This book series centers on “consciousness”, what is the nature of our reality, and its relationship with the paranormal Contact Modalities. Rey and the other academics featured in this book series argue that UFOs need to be studied as a paranormal related phenomenon. In addition, this book series argues that not only UFOs, but all of the other paranormal “Contact Modalities” are not separate and distinct from one another but in fact need to be researched as ONE integrate phenomenon under consciousness.

I firmly believe that understanding the paranormal lies in understanding what is consciousness. I have written 22 books on UFOs and the paranormal, and have quoted Rey’s research more than any other author. We either go down the road that Rey is on, or we will spend 80 more years chasing lights in the sky and paranormal stories and get no farther than we did in the first 80 years. These six volumes are a prolific academic collection of the data that has been collected, data that has been sadly ignored by the field of materialist Ufology and academia in general.

This 6-volume magnum opus, should be read in corollary with Rey’s personal book, “*A Greater Reality: One Man’s Journey of Discovery*”. This book contains many of Rey’s personal paranormal experiences, detailing his personal contact with large and up-close UFOs, which Rey calls “CAPs”, or **Consciousness Aerial Phenomenon**. It is a wonderful read of stories I have heard Rey tell over the years since I have known him. The book, with all the synchronicities and paranormal events he experienced, illustrates that Rey is truly on a mission to bring the truth about the nature of reality, what is consciousness, to the world, as directed by a greater intelligence, an intelligence that Rey has termed “**The Mind of GOD**”. Rey relates his experiences in a no BS “tell it like it was” manner.

I consider Rey's work with experiencers and scientists to be some of the most important research ever done in any field. Rey was the first author to publish the direct connection between the paranormal Contact Modalities and Consciousness by arguing that what we initially viewed as separate phenomena, are instead one interrelated phenomenon under consciousness-- all the paranormal, including UFOs, need to be viewed as ONE phenomenon under consciousness.

"A Greater Reality: One Man's Journey of Discovery" tells Rey's personal story of the drive and dedication of the man behind that research. It discusses his personal experiences via the Contact Modalities and should be read as a continuation of his 6-volume book series, *"A Greater Reality: The New Paradigm of Nonlocal Consciousness, the Paranormal & the Contact Modalities"*. All of Rey's books are required reading for anyone interested in researching the relationship between consciousness and the paranormal Contact Modalities. These are the most important books ever written on the relationship between Consciousness, our greater multidimensional reality, and the paranormal Contact Modalities. They are required reading for anyone interested in not only the UFO field but also the fields of paranormal research and consciousness studies.

Alan Steinfeld

Author of “*Making Contact: Preparing for the New Realities of Extraterrestrial Contact*”.

Some people desperately search for a greater reality; some people stumble upon them out of curiosity, while others have a greater reality thrust upon them. This is the case of Reinerio (Rey) Hernández, whose second book, “*The Mind of GOD: A Spiritual Virtual Reality Model of Consciousness and the Contact Modalities*”, serves as an introduction to his epic 6-Volume book series titled “*A Greater Reality: The Science of Non-local Consciousness, the Paranormal and the Contact Modalities*”, the most important books ever written on the relationship between the paranormal, UFOs, and consciousness.

In the midst of ongoing revelations from the government about the UAP/UFO reality, it is strange times we are living in and this is exactly why this book is most needed at this time. Rey’s writings navigate the unexplored levels of consciousness, which will give us insight into the vaster cosmos of consciousness we are part of.

Like the subjects it covers, this is not an ordinary text, it is an attempt on a grand scale to explore a universe filled with wonder, magic, and possibilities yet to be dreamed. This excellent series of books is a greater sampling of this evolutionary moment. It is indeed a welcome treasure and a companion for the ongoing revelation of who and what the human being really is. Thank you, Rey.

George Knapp

Chief Investigative Reporter for KLAS TV 8newsnow I-Team, weekend host Coast to Coast AM radio. Co-Author of “*Hunt for the Skinwalker: Science Confronts the Unexplained at a Remote Ranch in Utah*”

Interest in the UFO mystery has spiked in recent years, and most of the attention has focused on government secrets, whistleblowers, crash retrievals, what the Pentagon might know, what kind of classified studies, reports, photos, and videos might be stashed in various stovepipes inside the DOD or intelligence community. This is the materialist approach to Ufology. But what if the truly important information isn't hidden inside a deep, dark Pentagon cubbyhole, but rather is in plain sight? What if the UFO mystery is much more complicated than this materialist approach?

The story told by Rey in the “*A Greater Reality*” book series is historic, compelling, credible, and global in scope. The true significance of human contact with Non-Human Intelligence (NHI) might have nothing to do with the quest for advanced technology and materialist Ufology, but rather, with the nature of our interaction with some other form of higher intelligence under the rubric of consciousness, our greater reality. While Volume 1 and 2 of this book series are academic and theoretical in nature, Volumes 3-6 provide thousands of pages of detailed contact experiences of experiencers of the **Contact Modalities**-- paranormal experiences where these individuals are having contact with NHI via Near Death Experiences, UFO Contact, Out of Body Experiences, Remote Viewing, Hallucinogenic Journeys and other paranormal phenomenon. The collection of these books argue that our true reality might not be a physical one but one that is much more complicated.

Secondly, the “*A Greater Reality*” book series argues that all of the Contact Modalities, all of the “paranormal” contact experiences with NHI, including UFO contact experiences, need to be viewed as one interrelated phenomenon. This was the same conclusion reached by the NIDS research team, the National Institute for Discovery Science, in their extensive research of Skinwalker Ranch-- the lesson is that somehow all of these phenomena are related, now it's up to you to figure out how. Rey's books go a long way to providing an ontological framework that begin to explain the nature of how all paranormal phenomena might be interrelated. This is truly a historical piece of academic research.

The overall message as described in the “*A Greater Reality*” book series is positive, almost hopeful. The esteemed writers who contributed to this massive effort, many who I personally know, make the case that humanity is being transformed, one encounter at a time. And while most of these encounters are terrifying and bewildering at the time of their initial experience, the humans who've had these experiences eventually come to the conclusion that contact with NHI changed their lives for the better. Whoever they are, wherever they are from, they seem to be interested in slowly preparing us for whatever comes next.

All of Rey's pioneering books, while academic in nature, are easy to read, illuminating, and a must read for anyone interested in understanding the complexities of the UFO and paranormal contact phenomenon.
